Transfer of property to or by enemy firms.

111. (*1*) Where it appears to the Central Government that a transfer of property moveable or immoveable, made to, or by, an enemy firm, whether before or after the commencement of the Ordinance, is injurious to the public interest or was made with a view to evade the provisions of this Part, the Central Government may, by order, declare such transfer, and any subsequent transfer or sub-transfer of the same property or part thereof, to be void, either in whole or in part or may impose such conditions on the transferee as it thinks fit.

in India or in a State at war with His Majesty, and would be enforced against him by such an order.

(*3*) Where a claim in respect of a negotiable instrument or an actionable claim is made against any person who has reasonable cause to believe that, if he satisfied the claim, he would thereby be committing an offence punishable under sub-rule (*2*), that person may pay into a competent civil court any sum which but for the provisions of sub-rule (*1*) would be due in respect of the claim and thereupon the payment shall for all purposes be a good discharge to that person.

and any such order may contain such incidental and supplementary provisions as appear to the Central Government to be necessary or expedient for the purposes of the order.

(*2*) Where any order with respect to any money or property is addressed to any person by a custodian and accompanied by a certificate of the custodian that the money or property is money or property to which an order under sub-rule (*1*) applies, the certificate shall be evidence of the facts stated therein, and if that person complies with the order of the custodian, he shall not be

liable to any suit or other legal proceeding by reason only of such compliance.

(*3*) Where, in pursuance of an order made under sub-rule (*1*)—

(*a*) any money is paid to a custodian, or

(*b*) any property, or the right to transfer any property, is vested in a custodian, or

(*c*) an order is given to any person by a custodian in relation to any property which appears to the custodian to be property to which the order under sub-rule (*1*) applies,

neither the payment, vesting nor order of the custodian, nor any proceedings in consequence thereof, shall be invalidated or affected by reason only that at a material time—

(*i*) some person who was or might have been interested in the money or property, and who was an enemy firm, had died or had ceased to be an enemy firm, or

(*ii*) some person who was so interested, and who was believed by the custodian to be an enemy firm, was not an enemy firm.

(*4*) If any person pays any debt or deals with any property to which any order under sub-rule (*1*) applies otherwise than in accordance with the provisions of the order, he shall be punishable with imprisonment for a term which may extend to six months and shall also be liable to fine; and the payment or dealing shall be void.

(*5*) If any person without reasonable cause fails to produce or furnish in accordance with the requirements of an order under sub-rule (*1*) any document or information which he is required under the order to produce or furnish, he shall be punishable with imprisonment for a term which may extend to six months and shall also be liable to fine.

Official Papers.

Report on Public Instruction in Bengal for the year 1937-38.

CHAPTER I.

General.

The year 1937-38 was the first year's working under the new constitution. The Hon'ble Mr. A. K. Fazlul Huq as the Chief Minister and also the Minister for Education assumed his portfolio on the 1st April 1937. Extensive tours have been made by the Hon'ble Minister for acquiring first-hand knowledge of the condition of education in the province. There was a marked growth of interest in educational matters —particularly in primary education. The necessary foundation work connected with important educational reorganisation was begun and the work accomplished should enable rapid progress to be made in the future.

2. The following may be recorded as some of the notable educational events of the year:—

(*i*) Government sanctioned a block grant of Rs. 4,85,000 to Calcutta University for five years beginning with the year under review in place of the special grants for specific purposes and the grant to meet deficits.

(*ii*) Preliminary steps were taken by high schools for giving effect to the revised Regulations of the Calcutta University which come into force with effect from the Matriculation Examination of 1940.

(*iii*) A scheme of free primary education was initiated in the rural areas in the district of Mymensingh and the 3rd January 1938 was observed as the "Free Primary Education Day" throughout the district.

(*iv*) A resolution was passed by the district board of Faridpur for the establishment of district school board.

(*v*) Steps were taken to open centres for adult education in certain rural areas as proposed by Government communiqué of 30th March 1937.

(*vi*) Additional grants were made available from the Rural Development Funds for village libraries, village playgrounds, school playgrounds and agricultural farms.

(*vii*) Greater impetus given to extra-curricular activities and physical education in schools.

(*viii*) The abolition of the Calcutta Training School, and its amalgamation with the Hooghly Normal Training School with effect from January 1938 was an important measure of retrenchment during the year under review.

(*ix*) The sanction of the establishment with effect from 1st April 1938 of a special Education Board for improvement in the system of education in the Chittagong Hill Tracts and the appointment of a Superintendent of Education for the Hill Tracts.

3. (*i*) The progress made in education in Bengal during the year can be measured by the following tables which give comparative figures for 1937-38 and the preceding year:—

CHAPTER II.

Administration and Control.

1. Educational institutions in Bengal are mainly under the control of the officers of the Education Department, the two Universities of Calcutta and Dacca, the Board of Intermediate and Secondary Education, Dacca, district boards, municipalities, district school boards constituted under the provisions of the Bengal Rural Primary Education Act, 1930, and a number of societies—Indian, non-Indian, missionary and secular. The control of general education rests ultimately with the Minister of Education who is an elected member of the Legislative Assembly.* Throughout the period under review the Hon'ble Mr. Abul Kasem Fazlul Huq, Chief Minister, was in charge of the Education portfolio. European Education which had for so long been a reserved subject in charge of an Executive Councillor has now been transferred to popular control with the Hon'ble the Minister for Education, as ex-officio President of the Provincial Board of Anglo-Indian and European Education, Bengal.

2. The Education Department consists of the following services:—

(*i*) Indian Educational Service (Men's Branch).

(*ii*) Bengal Senior Educational Service (Men's and Women's Branches).

(*iii*) Bengal Educational Services (Men's and Women's Branches).

(*iv*) Bengal General Service—Education.

(*v*) Subordinate Educational Services.

*Medical Schools and Colleges are under the control of the Local Self-Government Department, and Agricultural, Technical and Industrial (except Engineering) institutions of the Agriculture and Industries Department.

(*i*) *Indian Educational Service.*—Recruitment to the Indian Educational Service was stopped some years ago by the Secretary of State for India. Excluding the post of the Director of Public Instruction, Bengal, this service consisted of 19 posts during the year under report of which 12 were held by permanent members of the Indian Educational Service. Of the remaining 7 posts, 4 were special posts which could not be abolished so long as there were Indian Educational Service officers capable of holding them, 2 were held by members of the Bengal Educational Service on an officiating basis in the Bengal Senior Educational Service and 1 by a member of the Bengal General Service on contract.

(*ii*) *Bengal Senior Educational Service.*—In addition to the 53 posts which were created in the Men's Branch of the Bengal Senior Educational Service from 1st April 1934, one post of Professor of Economics for the Islamia College was created during the year under report. Of the 54 posts, 31 were held by permanent members of the Service, 7 by members of the Bengal Educational Service officiating in Bengal Senior Educational Service and 1 was held in abeyance. Of the remaining 15 posts, 12 were held by members of the Indian Educational Service and the other 3 were filled in the Bengal General Service by recruiting European officers on special rates of pay. Of the 5 posts in the Women's Branch of the Bengal Senior Educational Service, 3 were held by permanent members of the Service, one by a member of the Bengal Educational Service on an officiating basis in the Bengal Senior Educational Service consequent on the death of Miss M. E. Peacock who was recruited as Inspectress of Schools, Dacca Circle, in the Bengal General Service. The remaining one was also filled on an officiating basis in the Bengal Senior Educational Service by a member of the Bengal General Service.

(*iii*) *Bengal Educational Service.*—There were 192 permanent posts in the Men's Branch of the Bengal Educational Service on 31st March 1937. During the year under report two posts were created to provide for the appointments of two Professors of English, Islamia College, Calcutta, and the post of Headmaster, Calcutta Training School, was abolished. Thus the number of posts in the Bengal Educational Service was raised to 193 at the end of the year under report. The permanent strength of the Women's Branch of the Service on 31st March 1938 was 24.

(*iv*) *Bengal General Service.*—The "special posts" and "posts not within the classified lists" were merged in the service called the Bengal General Service—Education—created under Government notification No. 1665A., dated the 14th February 1936, in terms of which 48 posts were created; to these two posts have been added. The strength of the service at the end of the year under report thus stood at 50.

Besides the above, there were certain part-time gazetted posts on fixed rates of pay or on fixed conveyance allowance or honorary during the year under review as detailed below:—

(1) Professor of Geology, Presidency College.

(2) Professor of Geology, Bengal Engineering College.

(3) Lecturer in Accountancy, Bengal Engineering College.

(4) Honorary Lecturer in Irrigation, Bengal Engineering College.

(5) Honorary Lecturer on Railways, Bengal Engineering College.

(6) Honorary Lecturer on Water-supply and Sewerage, Bengal Engineering College.

(*v*) *Subordinate Educational Service.*—The services below the Bengal Educational Service comprise different kinds of appointments, viz., teaching, inspecting, miscellaneous and clerical, each consisting of different time-scales of pay. The table below shows the strength of the Subordinate Educational Service posts, teaching, inspecting, miscellaneous and clerical for the years 1936-37 and 1937-38:—

	31st March 1937.	31st March 1938.

Miscellaneous	90 (including 3 posts held in abeyance).	92 (including 3 posts held in abeyance).
Clerical	402	402
Total ..	2,153	2,136

Besides the above, there were certain other temporary whole-time or part-time posts on 31st March 1938 which are detailed below:—

3. **Direction.**—The Director of Public Instruction, Bengal, is the executive head of the Education Department of the Government of Bengal. During the year under review Mr. J. M. Bottomley was the Director of Public Instruction, Bengal. He was assisted in his work by Khan Bahadur Fakhruddin Ahmad, as Assistant Director of Public Instruction, Bengal, by Khan Bahadur Mr. Md. Maula Baksh, as Assistant Director of Public Instruction for Muhammadan Education, Bengal, by Khan Bahadur Maulvi Tasadduq Ahmed as Special Officer for Primary Education, and by Mr. J. Buchanan as Director of Physical Education, Bengal.

Dr. W. A. Jenkins, I.E.S., was appointed Special Officer in connection with University and Secondary Education from 17th December 1937.

4. **Inspection.**—The sub-joined statement indicates the strength of the departmental inspecting staff as it stood on 31st March 1938. There was no change in the various grades of the inspecting officers.

5. **Extra-departmental agencies.**—The Department received invaluable assistance from the Executive Officers of Government in the districts and subdivisions. In many cases they gave ungrudgingly their time for work as presidents of managing committees of schools and they have earned the thanks of the department by their generous offers of advice and help. The acknowledgments of the department are also due to chairmen and vice-chairmen of district boards, municipalities, newly-formed district school boards and union boards for the interest which they have shown for the spread and improvement of primary and technical education in rural and urban areas. The various missionary societies—Indian and non-Indian, and other organisations like the Nari Siksha Samity, the Society for the Improvement of Backward Classes and the Uttarpara Hitakari Sava also deserve special mention for their whole-hearted endeavour for the advancement of education among girls and the members of backward communities. The railway administrations of the Presidency have also done valuable work by maintaining a number of schools at important centres, which though established chiefly for the education of the children of railway employees are attended by the children of all communities.

CHAPTER III.

Primary Education.

1. **General statistics.**—There was an increase in the number of pupils in primary schools for boys and girls in spite of the fall in the number of schools. The decrease in the number of such schools is due to a better planned distribution of schools. The following table gives comparative figures for all primary schools in the province for the years 1936-37 and 1937-38:—

		1936-37.	1937-38.
Number of primary schools ..	..	61,517	60,074

2. **Schools.**—The number of schools for Indian boys decreased during the year from 44,106 to 43,348.

The table below indicates the number of primary schools for Indian boys in the Presidency:—

3. **Pupils.**—The number of pupils in boys' primary schools rose from 1,945,429 (including 171,067 girls) in 1936-37 to 2,073,388 (including 185,238 girls) in 1937-38. The total number of boys in the primary stage, that is to say, boys attending primary schools and in the primary classes of secondary schools was 2,100,496 against 1,971,824 in the previous year.

It is not, however, the number of boys attending primary schools which is so important as the numbers which continue to the end of the

course and their distribution. The following statement shows the number of boys in primary classes of all Indian schools:—

Class I	..	...	...	994,443
Class II	..	...	...	506,160
Class III	..	...	...	297,203
Class IV	..	...	...	170,648
Class V	..	...	...	132,042

It is between Class I and II that the greatest loss occurs. It is a most deplorable fact that a large proportion of pupils never reach Class IV or V and many of those who read up to the lower primary course only, soon lapse into illiteracy.

4. **Relative progress of Hindus and Muhammadans.**—Classified according to communities there were altogether 933,106 Hindu and 1,147,410 Muhammadan boys in the primary stage in 1937-38 against 888,165 and 1,066,448 respectively in the previous year.

5. **Expenditure.**—The total cost of maintaining primary schools for Indian boys amounted in the year under report to Rs. 68,46,038 as compared with Rs. 67,10,234 in the previous year. Of the total maintenance charges Rs. 40,69,979 or 59·5 per cent. was met from public funds, and Rs. 27,76,059 or 40·5 per cent. was borne by private sources. In the previous year public and private funds contributed 58·2 and 41·8 per cent., respectively, of the total expenditure incurred tor the maintenance of the boys' primary schools. The expenditure from public funds was made up of Rs. 23,57,296 from provincial revenues, and Rs. 8,03,441 and Rs. 9,09,242 from district and municipal funds respectively, against Rs. 22,04,596, Rs. 8,53,488 and Rs. 8,46,392 respectively in the previous year.

6. **Primary schools in Calcutta.**—The number of boys' primary schools in Calcutta rose during the year from 509 to 527 and that of pupils attending them from 40,812 to 43,452. The total cost of maintaining boys' primary schools rose during the year under review from Rs. 12,39,342 to Rs. 13,21,458, of which Rs. 11,27,943 was met from public funds. The free primary schools for boys managed by the Corporation of Calcutta which are included in the number mentioned above rose during the period from 146 to 148. The machinery of compulsion in the free compulsory primary education scheme in Ward No. IX has not been worked out with full force and the full effect of the measure has yet to be realised.

7. **Night and continuation schools.**—These schools are held in the evening for about a couple of hours daily and are attended mostly by adults, who cannot attend day schools on account of their occupations. They usually teach the lower primary course. In the year under report there were 854 night schools in the Presidency which taught 24,527 pupils.

Continuation schools which are of two types are found, as previously, only in the Presidency Division and Calcutta. Group I teaching the three R.'s up to the Primary standard and group II the major subjects of a middle school course together with a technical subject like tailoring, carpentry, book-binding, hat-making or typewriting. Although in all

group II schools there is provision for imparting instructions in one or other of these technical subjects, neither the teachers nor the pupils take seriously to the study of the technical subject. On the 31st March 1938 there were 285 continuation schools in Bengal, which taught 8,426 pupils.

8. **Examination.**—In the year under report 44,663 boys appeared in the Primary and Maktab Final Examination, of whom 36,061 were declared successful.

9. **Double-shift system.**—The double-shift system prevails in 5 Biss' type schools in the district of Bogra and is reported to be neither ideal nor desirable.

10. **School post offices.**—The number of primary school teachers who did postal duties in addition to their own work during the year under review was 268. The remuneration for postal work varied from Rs. 5 to Rs. 16 a month.

11. **Primary education in district school board areas.**—During the year 1937-38, no new school boards under the Bengal (Rural) Primary Education Act, 1930, were established. The twelve existing district school boards, viz., Mymensingh, Dacca, Chittagong, Noakhali, Pabna, Bogra, Rangpur, Dinajpur, Jalpaiguri, Nadia, Murshidabad and Birbhum continued to function during the year.

The most notable thing during the year was the imposition and realisation of cess in the district of Mymensingh and the introduction of free primary education in that district with effect from January 1938. The scheme of free primary education in the district of Mymensingh contemplates the ultimate establishment of 2,634 free board primary schools, and 1,746 free board primary schools were started in the district with effect from January 1938.

12. **Free primary education in municipalities.**—Much interest was also shown by municipal authorities for the establishment of free primary schools in municipalities on the lines of Mr. Biss' scheme. During the year under report this scheme was introduced in the Bansberia Municipality in the Burdwan Division and Bhola Municipality in the Dacca Division. Sanction was accorded to the payment of an additional grant towards the maintenance of the Biss' primary schools previously established in the Barisal and Chittagong Municipalities. Pending the introduction of the Primary Education Act, 1930, any extension of this scheme to rural areas has been suspended.

13. **Teachers and their training.**—Modern educational theory lays great stress upon the paramount importance of the training of the teachers. The scheme of free primary education contemplated under the Bengal (Rural) Primary Education Act, cannot be brought into operation and reorganised primary schools cannot successfully be established even if funds are available from the proceeds of education cess unless trained teachers of primary schools are available. A scheme was, therefore, prepared with a view to turning out the requisite number of trained teachers for primary schools in a cess-paying district within a period of five years. Steps were being taken also for the establishment of such training centres in the near future.

The total number of guru and muallim-training schools which train teachers of primary schools and maktabs stood at 84 at the end of the year under report and the number of students in them was 2,358 against 2,054 in the previous year. Of these schools 76 were managed by Government, 1 by the Corporation of Calcutta and the rest by the missionary societies. The total maintenance charges amounted during the year under report to Rs. 3,78,008.

CHAPTER IV.

Secondary Education.

1. **General.**—The following table shows the comparative position in respect of the number, roll strength and cost of all secondary schools for boys and girls:—

	1936-37.	1937-38.
High English schools	1,286	1,314
Middle English schools	1,959	1,968
Middle Vernacular schools	48	44
Number of pupils	524,246	554,416
Cost of maintenance ..	Rs. 1,68,17,330	1,75,29,900

The figures indicate an all-round increase except in the number of middle vernacular schools which is steadily declining.

Secondary education for Indian boys.

(The secondary education of Indian girls and of Europeans is dealt with in other chapters.)

2. **Schools and pupils.**—The total number of secondary schools for Indian boys rose during the year under review from 3,079 to 3,102. High English schools rose from 1,180 to 1,202 and middle English schools from 1,857 to 1,860, while the middle vernacular schools fell from 42 to 40. Pupils reading in high schools increased from 302,983 to 317,119 or by 14,136; those in middle English schools from 176,872 to 190,849 or by 13,977. The number in middle vernacular schools also rose from 3,107 to 3,187 or by 80. The figures for pupils in 1937-38 include 836 girls reading in high English schools, 3,900 girls in middle English schools and 205 girls in middle vernacular schools.

3. **Expenditure.**—The total cost of maintaining secondary schools for Indian boys rose during the year from Rs. 1,38,47,606 to Rs. 1,43,79,835. Of the total expenditure Rs. 22,07,246 or 15·3 per cent. was borne by public funds and Rs. 1,21,72,589 or 84·7 per cent. by private sources, the corresponding figures for the previous year being Rs. 21,80,339 or 15·7 per cent. and Rs. 1,16,67,267 or 84·3 per cent. respectively. High English schools cost Rs. 1,12,76,624,

middle English schools cost Rs. 30,61,727 and middle vernacular schools Rs. 41,484 against Rs. 1,08,46,725, Rs. 29,58,846 and Rs. 42,035 respectively in the preceding year.

4. **Manual instruction.**—About sixty high and middle schools had arrangements for giving manual instruction to their pupils, but other secondary schools are also reported to be teaching subjects such as dyeing, weaving, carpentry, smithwork, etc. Manual instruction is imparted with a view to adding interest diversion and utility to the general course. It has not only a high educative value as a splendid training for the eye and the hand and as a method of self-expression and creation, but it may help boys to test and realise their aptitudes and may induce some of them to pursue technical careers.

5. **Agricultural education.**—In accordance with the programme of work outlined in the scheme for the introduction of agricultural education in non-Government secondary schools, the monthly allowance of Rs. 10 each payable to the teachers trained in agriculture was renewed in favour of 56 teachers according to the recommendation of the Director of Agriculture, Bengal. The schools which suffered loss on working of their farms or gardens also got a grant up to the maximum of Rs. 100 in case of a farm and Rs. 20 in case of a garden. Four more middle English schools opened continuation classes and six teachers in two batches were deputed for training at the Dacca Farm. On the whole, the schools in which the schemes have been introduced are working fairly well.

6. **School final classes (Science side).**—The science course classes attached to 7 high schools in the Presidency had an enrolment of 97 pupils on 31st March 1938. Out of 50 candidates sent up for the school final examination (Science side) 26 were successful. During the year under report the class attached to Darjeeling Government High School was abolished. The Bishnupur Siksha Sangha in 24-Parganas opened the science course class for the first time during the year under review. Elementary scientific knowledge will soon be made a compulsory subject of the high school course. Some of the schools are equipping themselves for teaching the subject.

7. **Results of Matriculation Examination.**—Out of 26,204 boys who appeared at the Matriculation Examination of the Calcutta University and the school-leaving examination of the Dacca Board of Intermediate and Secondary Education, 1938, 20,582 were declared to have passed. The corresponding numbers in 1937 were 23,645 and 15,121 respectively.

8. **Curriculum.**—The curriculum for secondary schools introduced in 1931 was followed in all schools during the year under report.

The revised Matriculation Regulations will come into force with effect from the Matriculation Examination of 1940. By this, besides adopting vernacular as the medium of instruction except in English, History and Geography have been made compulsory subjects of study. Schools under the Calcutta University have already been preparing the students accordingly. The Board of Intermediate and Secondary Education, Dacca, had not yet adopted the Regulations of the Calcutta University. Elementary science will be made a compulsory subject of study with effect from the examination of 1943.

9. **Grant-in-aid system.**—The system of grant-in-aid and the principle of distribution of grants to secondary schools have not undergone any radical change. The 10 per cent. cut on the allotment for grant-in-aid has not yet been restored and this has adversely affected the efficiency of many struggling schools. It has, however, been possible to provide an additional amount in the budget for non-Government secondary schools during 1938-39 and it is expected that a large number of schools may be benefited by the amount.

10. **Teachers.**—There were 27,312 male teachers in secondary schools on 31st March 1938. Of them, 5,553 were trained against 21,759 untrained. As successful teaching depends partially on the number of trained teachers in a school, attempts have to be made to increase the number of such teachers.

11. **Training of teachers.**—The two colleges maintained by Government in Calcutta and Dacca for the training of secondary school teachers had an enrolment of 181 students on 31st March 1938 against the same number on the corresponding date in the previous year. The cost of upkeep of the two colleges amounted during the year under report to Rs. 97,047 as compared with Rs. 1,03,682 in 1936-37.

Arrangements have been made for the teaching of B. T. Course in St. Xavier's College, Calcutta.

In Bengal out of 274 students who appeared at the B. T. Examination 212 came out successful.

The Calcutta University has also made arrangements for the following courses:—

(*a*) short training course,

(*b*) course for Geography Teachership Certificate,

(*c*) course for Science Teachership Certificate, and

(*d*) vacation course,

with a view to providing additional facilities for the training of teachers in secondary schools.

On 31st March 1938 there were 4 normal or first grade training schools in Bengal against 5 in the previous year. The Calcutta Training School was abolished with effect from 1st January 1938. These schools are intended for those who intend to become vernacular teachers in secondary schools. The normal schools had 386 pupils on 31st March 1938 and the cost of maintenance of these schools amounted during the year under report to Rs. 95,399 of which Rs. 95,342 was paid from provincial revenues. The minimum qualification for admission to these schools has been raised from middle English to Matriculation. The curriculum and syllabus of studies for normal schools have been revised and were being tried at the Hooghly Training School in the year under report. After experiment the revised curriculum will be introduced in other schools. Out of 156 students who sat for the examination 142 came out successful.

12. **General.**—The condition of secondary schools especially in rural areas is far from satisfactory. The prospect of high school education opened up by the revised Calcutta University Regulations is viewed with mixed feelings by the school authorities.

Many schools find themselves financially too weak to cope with the additional demands for the teaching of elementary science. The problems of secondary education cannot be satisfactorily solved unless there is more unified control than we have at present. Along with a better scheme of control much greater grants from public revenues are also required.

CHAPTER V.

University and College Education.

Calcutta University.—Mr. Syamaprasad Mookerjee, M.A., B.L., Barrister-at-law, etc., was Vice-Chancellor of Calcutta University during the year under review. Sir Jagadish Chandra Bose, Kt., C.S.I., C.I.E., M.A., D.SC., F.R.S., died on 23rd November 1937. This is not the proper place to give full details of his work, but the eminent services which he rendered to the progress of scientific education and research in his college, his province and his country for the last half a century deserve mention. An endowment of Rs. 1,00,000 was made by Lady Abala Bose in accordance with the wishes of her husband, the late Sir Jagadish Chandra Bose, for the promotion of Physico-Biological Research work in the University.

The following table shows the number of students (both post-graduate and under-graduate) reading in the University of Calcutta during the last 2 years:—

	1937-38.	1936-37.
In M.A. classes	1,142	816
In M.Sc. classes	264	272
Under-graduate students (in Commerce classes)	232	190
Women students	93	57

The University having represented to Government that the contingent liability arrangement had been working adversely to the interests of the University, Government sanctioned a block grant of Rs. 4,85,000 for five years beginning from the year 1937-38 in place of the special grants and the grant to meet deficits.

The Asutosh Museum of Indian Arts was opened on 15th April 1937 in the West Hall of the Senate House. Representations of different phases of Indian Art are being collected, special emphasis being given to the art of Bengal, more than half of the exhibits having originated in the Province.

2. **Dacca University.**—Dr. R. C. Majumdar, M.A., was Vice-Chancellor of Dacca University during the year under review. Six additional lecturers were appointed temporarily to cope with the tutorial work. The University has constituted an Employment Bureau the main object of which is to help the students of this University to get employment outside. Steps are being taken to secure all available help from various mercantile firms in order to enable the students to

get posts of trusts and responsibility in them. Mr. K. Sahabuddin, C.B.E., who acted as the Treasurer of the University for about seven years and discharged his onerous duties with great zeal and success, made over charge of his office to Khan Bahadur Md. Yahya with effect from 1st January 1938. The number of students of Dacca University rose from 1,181 to 1,316; of this number 773 (including 54 women students) were reading for Arts Degrees, 305 for Science Degrees, while 109 were in the Law Department, 110 in the Commerce Department and 19 engaged in research.

3. **Board of Intermediate and Secondary Education, Dacca.**—The Dacca Board is still being run on a temporary basis. Mr. J. N. Roy, Assistant Inspector of Students' Residences, Dacca, continued to act as Secretary to the Board in addition to his own duties. The cost of maintaining the Board amounted during the year under report to Rs. 38,676. The number of Intermediate Colleges under the Board remained unchanged at 5 (excluding 3 Islamic Intermediate Colleges at Dacca, Chittagong and Serajganj) of which the Dacca Intermediate College and Eden Intermediate College for Girls, were, as in previous years, maintained by Government, while the Jagannath Intermediate College was aided.

4. **Colleges.**—The total number of arts colleges in the Presidency remained unchanged at 50; of these 43 were for men and 7 for women, their roll strength rose from 26,591 to 27,968 and the cost of maintenance from Rs. 38,92,354 to Rs. 40,42,303. Of the men's colleges, 10 (including the Islamic Intermediate Colleges) were maintained by Government, 20 received Government aid and 13 were unaided. The following tables give comparative figures of enrolment and maintenance charges of arts colleges for men for the last two years:—

Number of students.

	1937-38.	1936-37.

Other sources	2,67,554	2,89,032
Total ..	38,74,372	37,33,549

A sum of Rs. 2,08,242 was distributed by Government in the period under review in giving grants to non-Government arts colleges.

Financial stringency was responsible for the continuance of the 10 per cent. cut on all grants. A sum of Rs. 49,000 was distributed among non-Government colleges on the recommendation of the University of Calcutta for the improvement of libraries, laboratories and gymnasia as against the original assignment of Rs. 1,29,000.

5. **Government colleges.**—The number of students reading in Government arts colleges for men fell from 3,984 to 3,842 during the period. The cost of maintaining these colleges decreased from Rs. 15,79,233 to Rs. 15,54,322, of which Rs. 11,18,615 was met from provincial revenues. The system of tutorial supervision over students by college teachers continued to produce good results, bringing the students and teachers into closer personal touch and thus creating a healthy atmosphere in these colleges.

The attached table gives statistics relating to Government colleges.

*Islamic Intermediate Colleges maintained by Government are dealt with in Chapter IX.

A committee has been formed to consider the advisability of extending the affiliation of the Presidency College to Applied Chemistry. In accordance with the wishes of the late Sir Jagadish Chandra Bose, Lady Bose has offered to make an endowment to the College for the creation of Research Studentships in the Department of Botany and Physiology. The Hooghly Mohsin College has now a slightly increased accommodation owing to the removal of the madrasah to its new buildings. The conduct of the general body of students has been above reproach. In March 1938 electric light and fans were provided in the Chemical Laboratory Buildings of the Krishnagar College. The Research Department of the Sanskrit College has been a centre of attraction for senior scholars of Indian and foreign institutions on philosophical and indological subjects. The Intermediate Examinations of the Dacca Board for the year 1938 were for the first time held in the buildings of the Dacca Intermediate College. Mr. Harley, who had been Principal of the Islamia College since it was opened and who

devoted much time and thought to the development of the institution, retired in May 1937. During the year under review, the staff was considerably strengthened, especially in English and Economics. The restoration of communal harmony is a problem of great importance in the administration of the Rajshahi College.

6. **Non-Government colleges.**—Besides the colleges maintained by Government, there were 33 other arts colleges for men in the Province; of these 20 received aid from public revenues and 13 were maintained entirely from private sources.

In the aided colleges the number of students increased from 11,475 to 12,285 and the cost of upkeep from Rs. 13,45,103 to Rs. 14,03,698, of which Rs. 2,08,242 was met from provincial revenues. The members of the Rural Service Union of the St. Paul's College, Calcutta, spent periods of several days on two or three occasions "camping" in a village, giving demonstrations of simple methods of sanitation, running a dispensary and imparting simple medical knowledge, initiating methods of self-education and in other ways helping and getting to know the people. Dr. Urquhart who had been Principal of the Scottish Church College, Calcutta, and once Vice-Chancellor of the Calcutta University went on furlough preparatory to retirement on the 15th April 1937. He rendered invaluable service not only to his college but also to the student community in Bengal and his work will be long remembered. Moslem students of the Daulatpur Hindu Academy can take up Arabic or Persian as non-collegiate students and a whole-time teacher in these subjects has been appointed this year.

In the unaided colleges the total number of students rose from 10,078 to 10,590 and the cost of maintaining them fell from Rs. 9,68,018 to Rs. 9,16,354. The Ripon College and the Vidyasagar College in Calcutta were granted an extension of affiliation, the former in History up to the B.A. Honours Standard and the latter in Biology and Zoology up to the Intermediate Standard.

CHAPTER VI.

Professional and Technical Education.

Law colleges and classes.—Facilities for the study of law are available in three institutions in the Presidency, viz., the University Law College, Calcutta, the Ripon Law College, Calcutta, and the Law Department of the Dacca University. The number of students reading in the three institutions rose from 1,985 to 1,987, of whom 1,677 were Hindus and 274 were Muhammadans. The upkeep of the University Law College, Calcutta, and the Ripon Law College amounted during the year under report to Rs. 1,84,281 as compared with Rs. 1,81,393 in the previous year. The expenditure incurred for the maintenance of the Law Department of the Dacca University which has not been shown separately in the University returns is included in the General Tables under the head "Universities". Out of 693 candidates who appeared at the Final B.L. Examination from the three institutions, 455 were successful.

2. **Medical colleges and schools.**—Higher instruction is provided by three institutions, viz., Calcutta Medical College, the Carmichael Medical College, Belgachia, and the School of Tropical Medicine and Hygiene, Calcutta. The three institutions enrolled 1,521 students (including 28 women) on 31st March 1938 as compared with 1,470 (including 18 women) on the corresponding date in the previous year. Of the total roll strength, 49 were Europeans and Anglo-Indians, 1,376 Hindus and 79 Muhammadans and the rest belonged to other communities. The cost of maintaining the three institutions fell during the year under review from Rs. 9,05,810 to Rs. 8,64,413. In the final examination the three institutions presented altogether 510 students of whom 209 were declared successful.

As in the previous year, there were 9 medical schools in Bengal attended by 2,525 students (including 46 women) against 2,408 (including 49 women) in the previous year. The cost of maintaining medical schools fell during the period from Rs. 6,83,309 to Rs. 6,27,329. Altogether 858 candidates appeared from these schools in the final examination and of these 349 were successful.

3. **Veterinary College, Belgachia.**—The number of students reading in this college rose during the year from 184 to 207, of whom 108 were Hindus and 63 were Moslems, the rest came from other communities. The cost of upkeep of the college was Rs. 1,61,078 which was borne entirely by provincial revenues. Out of 207 candidates who sat for the annual examination in the year under review, 152 were successful.

4. **Bengal Engineering College, Sibpur.**—In the Bengal Engineering College, Sibpur, roll strength rose during the period from 285 to 305 (of whom 152 were in the Civil Engineering Department, 36 in the Mechanical Engineering Department, 42 in the Electrical Engineering Department, 23 in Diploma Classes in Mechanical and Electrical Engineering and Associate Classes in Mechanical Engineering and 52 in the Industrial Department). Of these students, 10 were Europeans and Anglo-Indians, 246 were Hindus, 38 were Muhammadans and 11 of other communities. The cost of maintaining the college fell from Rs. 3,35,260 to Rs. 3,34,213, of which Rs. 2,69,676 against Rs. 2,71,142 came from provincial revenues. The average annual cost of educating each student was Rs. 1,148, of which Rs. 927 was borne by Government. The results of the college in the various examinations held during the period under review are indicated below:—

	Examinees.	Passed.
B. E. (Civil Engineering) ..	35	35
B. E. (Mechanical Engineering) ..	7	7
B. E. (Electrical Engineering) ..	6	6
I. E. (Civil Engineering) ..	56	46
Associateship in Mechanical Engineering	3	2
Diploma in Mechanical and Electrical Engineering	5	5

One of the important changes during the year under review was the introduction of a summer vacation and a puja vacation, in place of the former long vacation during the months of August, September and

October. The annual gathering of students this year was notable for the fact that an engineering exhibition was organised by the students. A large number of engineering firms sent exhibits. It was a most successful innovation and of great value to past and present students.

For the encouragement of engineering education amongst the backward communities, Government have sanctioned two scholarships of the value of Rs. 240 each per session—one for each year of the intermediate course tenable for one year and two scholarships of Rs. 300 each per session—one for each year of the degree course tenable for one year at the college.

5. **Ahsanullah School of Engineering, Dacca.**—The number of students under training in the Ahsanullah School of Engineering, Dacca, rose during the period from 411 to 439 (232 in the Sub-Overseer Classes, 132 in the Overseer Classes and 75 in the Artisan Class). Of these students 303 were Hindus, 131 were Moslems and 5 of other communities. The cost of maintaining the school rose during the period from Rs. 1,44,033 to Rs. 1,46,701, of which Rs. 1,01,647 came from provincial revenues. The school passed 57 out of 94 candidates sent up for the Overseer Examination, and 71 out of 137 in the Sub-Overseer Examination. Two scholarships of Rs. 10 each per month tenable for two years at the school were sanctioned by Government for the students of the backward communities.

6. **Bengal Survey School, Mainamati.**—In the Bengal Survey School, Mainamati, enrolment rose during the period from 78 to 82. The total cost of maintenance of the school rose during the period from Rs. 16,074 to Rs. 23,210, of which Rs. 16,776 came from provincial revenues. At the Survey Final Examination 20 appeared, and 15 passed. At the Amin Examination 20 appeared and 15 passed. The school has been doing useful work in a practical way since its foundation.

7. **Art schools.**—During the period under review there were, as previously, 5 art schools in the Presidency, the chief of which is the Government School of Art, Calcutta. Of the other schools, 3 were in receipt of aid from public funds. The Government School of Art, Calcutta, had 280 students in the various departments against 285 in the previous year, of whom 262 were Hindus, 12 Muslims, the rest being of other communities. The maintenance of the school cost Rs. 44,464 towards which provincial revenues contributed Rs. 30,860. Students exhibited their works at different exhibitions held in Calcutta and elsewhere and many of them won prizes and medals for their work. Two scholarships of Rs. 7-8 per month tenable for four years at the Government School of Art were sanctioned by Government for the students of the backward communities. Thirty-one students passed the final examination out of 36 who sat for it.

8. **Commercial education.**—Facilities for advanced commercial education were provided, as before, in the two Universities and the Commerce Department of the Vidyasagar College, Calcutta. Teaching in I.Com. is imparted by Jagannath Intermediate College, Dacca. Students who obtained the B.Com. Degree of the two Universities numbered 278, the number of examinees being 433. In the I.A. Examination of the Dacca Board with Commerce as a special subject 120 candidates appeared, of whom 104 were successful.

The number of commercial schools in the Province returned on 31st March 1938 was 17, of which one, the Government Commercial Institute, Calcutta, was managed by Government, 3 were aided and the rest unaided. The Government Commercial Institute, Calcutta, registered 489 students in the year under report against 503 in 1936-37, of whom 445 were Hindus, 41 were Muhammadans, the rest belonging to other communities. The number of students who appeared at and passed the Government Commercial Course Final and Special Examinations in 1937 from this institute and from affiliated institutions and as private candidates is given below:—

Final Examination.

	Number appeared.	Number passed.
Government Commercial Institute ..	127	99
Private ..	2	1

Special Examination.

Government Commercial Institute ..	109	72
Affiliated institutions ..	407	211
Private	39	27

The total direct expenditure of the institute rose during the period from Rs. 55,098 to Rs. 55,117, of which Rs. 26,161 was provided from provincial revenues. A new feature of the past session was the reservation of 25 per cent. of the available seats for Muslim students. Free-studentships were also sanctioned for them up to 25 per cent. of their enrolment.

9. **Weaving schools.**—The weaving schools in the Presidency continued, as before, to be controlled by the Director of Industries, Bengal. Weaving was taught in a few general secondary schools, but for the most part the training was given in special weaving schools, some of which are peripatetic and through demonstration parties. The chief of these weaving schools is the Government Weaving Institute, Serampore, which imparts training in all aspects of cotton textile technology and in handloom weaving. It had 196 pupils under training on 31st March 1938 against 189 in the previous year. The cost of maintenance of the institute fell from Rs. 48,845 to Rs. 46,152, of which Rs. 45,081 was borne by provincial revenues. Sixty-one students out of 72 passed the examination of the institute. Nine women students passed out of the women's section after having undergone the necessary training.

10. **Music schools.**—The number of music schools in the Presidency was 8, of which 7 received aid from public funds. There are a number of girls' schools where music is taught as a special subject.

11. **Agricultural schools.**—An account of steps taken by the department for the teaching of agriculture in general schools is given in the Chapter on Secondary Education. Of the agricultural schools

proper, which numbered 5, 3 were managed by Government and 2 were aided schools. These schools registered 87 pupils on 31st March 1938 against 79 pupils in 1936-37.

An institute known as Basanta Kumar Agricultural Institute was established at Rajshahi in 1936 through the munificence of the late Kumar Basanta Kumar Ray of Dighapatia for the purpose of training students in agriculture and derivative industries. It is under the direct administrative control of the Principal, Rajshahi College, and a Board of Management appointed by Government. Forty-eight students were admitted in the institute.

12. **Other technical centres.**—Most of the technical and industrial schools in Bengal are controlled, as previously, by the Director of Industries, Bengal. Among them the following senior technical schools which afford facilities for vocational education may be specially mentioned in this report:—

(*i*) The Calcutta Technical School provides theoretical training, with laboratory practice, of apprentices in various engineering and other concerns in and around Calcutta. The roll strength of the school rose from 247 to 294. In the annual entrance examination 56 candidates came out successful out of 71 registered. The cost of maintaining the school amounted in the year under report to Rs. 84,623, of which Rs. 36,320 was provided from provincial revenues.

(*ii*) In the Kanchrapara Technical School roll strength dropped from 55 to 50. Forty-two candidates appeared in different subjects at the Board of Apprenticeship Training Annual Examination and of these 37 were successful. During the year 1937-38 nine apprentices completed training, 1 proceeded to Bengal Engineering College, Sibpur, for higher training. Of the 9 who completed the training, 3 were given appointments by the Eastern Bengal Railway.

CHAPTER VII.

Education of Indian Girls and Women.

1. **Institutions and pupils.**—At the end of the year 1937-38 the total number of educational institutions of all types and grades meant for Indian girls fell from 17,885 to 17,156. The fall is chiefly limited to primary schools, many of which were amalgamated with other schools as the result of a policy of concentration. But this fall does not represent the true position of girls' education in the Province, as the number of pupils reading in them rose from 559,479 to 560,101. Girls reading in girls' schools together with those who were under instruction in boys' schools numbered 736,692 on 31st March 1938, of this number 308,159 were Hindus, 422,587 were Muhammadans and the rest were of other communities. Altogether 15,211 boys are reported to have attended girls' schools in the year under review.

2. For the inspection of girls' schools in the Province there are, as previously, 2 Inspectresses of Schools; the Presidency and Burdwan Divisions are in charge of the Inspectress of Schools, West Bengal, who has her headquarters at Calcutta; and the Dacca, Chittagong and Rajshahi Divisions are in charge of the Inspectress of Schools, East Bengal, whose headquarters are at Dacca. Each of the Inspectress of Schools is assisted in her work by six Assistant Inspectresses of Schools. The department suffered a serious loss by the sad death of Miss M. E. Peacock, Inspectress of Schools, Dacca Circle, in the year under report.

3. **Collegiate education.**—During the year under report the number of arts colleges for women remained stationary at 7 (including the women's section of Vidyasagar College and Asutosh College, Calcutta, each of which counts as a separate unit). Two of the arts colleges for women, viz., Bethune College, Calcutta, and the Eden Intermediate College, Dacca, are directly managed by Government and the rest are under private management. The number of students in these women's colleges rose from 1,054 to 1,251. Besides this number there were also 543 women students in men's colleges and in University classes. The sub-joined statement shows the particulars of arts colleges for women :—

*The expenditure incurred for the maintenance of the Women's Department of the Ashutosh College has not been separately shown in the returns of the college.

In the Bethune College roll strength increased by 31. The Principal has stressed the need for increased accommodation and extended affiliation up to the B.Sc. Standard. The project for the adaptation of the Christ Church building has already been taken up and when this is completed there will be ample accommodation to meet this demand for development and expansion of the college. The Physical Instructress post which was on a temporary basis has been made permanent. Music classes are being held in the college on Saturdays under the auspices of the "Sangit Sangha".

The Eden Intermediate College, Dacca, continues to occupy rented buildings which will have to be vacated before June 1941. A scheme for providing the institution (viz., the college and the school) in buildings of its own is under consideration of Government. The Lecturer in Hygiene of the college has given the first year students a weekly lecture in first aid and home nursing.

Altogether 637 students sat for the I. A. and I. Sc. Examinations, 304 for the Bachelor's Degree Examinations and 31 for the M. A. and M. Sc. Examinations during the year under review, of whom 369, 282, and 21 came out successful.

4. **Secondary schools**—(*i*) *High schools.*—The number of high English schools for Indian girls rose in the year under report from 61 to 67. Of these schools, 6 are managed by Government, 51 are aided; the rest receive no aid. The number of girls reading in high schools also increased during the year from 17,767 to 19,656. In the Matriculation Examination held in 1938, 1,593 girls out of 2,260 were successful. The desire for the education of Indian girls is so great that several high schools for boys have opened separate section for girls. These are mere makeshift arrangement and can never be regarded as satisfactory. The old prejudice against physical education for girls is gradually losing strength and in towns particularly physical activities are being more and more recognised as an integral part of the school course. In backward rural areas, however, prejudice is still there but the attitude is less hostile.

In the field of secondary education for girls the ideal is a system of good, well-equipped and well-staffed high English school at convenient centres with first class hostels attached to them and around each school a feeder system of middle schools providing a sound education up to class VI with one or two year's continuous courses of homecraft and domestic science. This course in the middle schools would be primarily adopted for girls either not wishing to proceed further with purely academic studies or incapable of benefitting materially from such studies. At the same time the course would be such as to lead on to class VII of a high school for those who wished to continue.

(*ii*) *Middle schools.*—The number of middle schools rose from 90 to 104. Girls reading in middle English schools also rose from 14,837 to 16,012. The number of middle vernacular schools for girls, however, remained stationary at 4; these schools taught 668 girls as compared with 616 in the preceding year.

High schools for girls cost Rs. 11,50,608 and middle schools Rs. 3,86,350 during the year under report; of which Rs. 4,03,638 and Rs. 1,38,648 respectively came from public funds.

5. **Primary schools.**—At the end of the year 1937-38 primary schools for Indian girls of all types, fell from 17,396 to 16,712, but the number of girls reading in primary schools rose from 673,615 to 684,262. The number of free primary schools managed by the Corporation of Calcutta rose from 84 to 85. The number of primary schools which aim at educating peasant girls in the remoter part of the Presidency Division was 22 as previously. Among private agencies which

are striving for the spread of primary education among Indian girls the Nari Sikha Samiti, the Society for the Improvement of Backward classes, Bengal and Assam, and Missionary Societies deserve special commendation. These societies receive from the department a grant for their educational activities. The Uttarpara Hitakari Sava continues to encourage female education by holding examinations and awarding scholarships to deserving girls. Primary schools for Indian girls cost Rs. 16,55,368 during the year to which Rs. 11,32,604 was contributed from public funds.

6. **Special schools.**—In 1937-38 the number of technical, industrial and other special schools increased from 59 to 67; these schools taught altogether 4,713 pupils as compared with 3,782 pupils. Most of these schools are under mission management and they usually teach needle-work of various kinds, lace-making and embroidery, besides giving some general education with the object of helping Indian girls to earn their livelihood. The Industrial School at Kalimpong is well known throughout India.

7. **Needle-work.**—The Lady Carmichael Diploma Competition has given a great impetus to needle-work as a school subject. Every year more schools are participating and the spirit of competition among them is quite keen. Girls should be encouraged to make things that are useful both to themselves and their homes.

8. **Training of teachers.**—Pending the establishment of a women's training college by Government in Calcutta women teachers of secondary schools continued to receive professional training at the training departments of the Scottish Church College and Loreto House, Calcutta. The combined capacity of these is 58. Four women teachers were trained at Dacca Training College also.

The number of training schools and classes which afford training facilities to women teachers employed in primary schools and the lower classes of secondary schools remained unchanged at 11. Of these schools, 3 were directly managed by Government and 8 by Christian and Brahmo Missions. The status of the Moslem Female Training Schools was raised to that of a senior training school from January 1938. The number of stipends was also increased from 15 to 26. Due to the raising of the status of the school, a new post was created and a B.A., B.T., was appointed to the post. The women's training schools registered 342 pupils on 31st March 1938 as compared with 271 pupils on the corresponding date of the previous year.

There is a scheme for providing accommodation for 200 girls at the Vernacular Training School at Dacca for the training of elementary women teachers and attaching a practising school to it. This proposal is under the consideration of the department. The total cost of maintaining the training schools for womens amounted in the year under report to Rs. 94,693, of which Rs. 70,145 was met from provincial revenues.

These training institutions are working satisfactorily and are turning out good teachers, but the number of trained teachers which pass out of these schools is too small to meet the present demand.

The following table shows the number of trained women teachers in high, middle and primary schools:—

Women Teachers.

	Total number of teachers.	Number of trained teachers.
Primary schools ..	5,597	790
Middle schools ..	507	266
High schools ..	721	290

9. The Advisory Board of Women's Education, Bengal, held two general meetings and four sub-committee meetings—two at Dacca and two at Calcutta. The Board is doing good work for the improvement of female education.

10. **Handwork exhibition.**—One of important events of the year was a handwork exhibition held by the pupil teachers of different training schools at the premises of the Government Hindu Female Training School, Calcutta. The Hon'ble the Chief Minister, Mr. A. K. Fazlul Haque, opened the exhibition on 1st December 1937 and encouraged the pupils by his august presence. It was open for two days and was an all-round success. The exhibition has since been named the Lady Brabourne Handwork Exhibition.

CHAPTER VIII.

Education of Anglo-Indians and Europeans.

1. **General.**—With the inauguration of Constitutional Reforms Anglo-Indian and European Education, which was so long a reserved subject in charge of an Executive Councillor, has now been transferred to popular control with the Hon'ble Minister for Education as ex-officio President of the Provincial Board of Anglo-Indian and European Education. The budget provision is now regulated by section 83 of the Government of India Act (1935) whereby the total amount provided cannot fall below a fixed statutory minimum.

2. **Schools.**—The number of institutions for the education of Anglo-Indians and Europeans remained stationary at 68. Of these institutions, 63 were for general education and 5 for special education. Of the 63 institutions which provide general education, 24 may be classified as secondary, 20 higher grade, 18 primary and 1 ungraded school. The 5 institutions which impart special instruction are (1) the Dow Hill Training College, Kurseong, (2) the Commercial Classes attached to the Young Women's Christian Association, (3) the Children's House, Kurseong, (4) the Fendall Home, Calcutta, (5) the Professional Training School for Physical Education attached to the Young Women's Christian Association. Three of the institutions, viz., Victoria Boys' School and Dow Hill Girls' School, Kurseong, for general education and the Dow Hill Training College, Kurseong, for the training of school mistresses are directly managed by Government, the rest are managed by various religious and philanthropic societies and railway authorities.

3. **Pupils.**—The table below shows the distribution of the 68 European Schools under various agencies with their roll strength:—

	1936-37.		1937-38.	
	Number of schools.	Number of pupils.	Number of schools.	Number of pupils.
Government ..	3	350	3	336
Church of England ..	9	2,060	9	2,046
Church of Rome ..	30	6,954	30	7,165
Non-conformist ..	4	830	4	878
Undenominational ..	17	1,595	17	1,617
Jews ..	3	380	3	390
Armenians ..	1	91	1	93
Seventh Day Adventist ..	1	62	1	57
Total ..	68	12,322	68	12,582

The total number of pupils reading in schools for Anglo-Indians and Europeans thus rose during the year under report by 260. Of the total number of pupils, 6,765 were boys and 5,817 were girls as compared with 6,678 boys and 5,644 girls in the preceding year. The number of boys rose by 1·3 per cent., that of girls by 3·1 per cent. Non-European pupils numbered 3,044 in 1937-38 against 2,931 in the previous year, of whom 1,184 were Jews, Armenians, Indian Christians and others.

4. **Expenditure.**—The total cost of maintaining schools for Anglo-Indians and Europeans amounted during the year under review to Rs. 36,72,763 (including boarding charges of Rs. 10,58,395 as compared with Rs. 10,67,286 in the previous year). The amount was derived from the following sources:—

	1936-37.	1937-38.
	Rs.	Rs.
Provincial revenues ..	8,88,279	9,49,141
Municipal grant ..	21,044	32,124
Fees ..	16,81,663	16,99,107
Other sources ..	11,88,425	9,92,391
Total ..	37,79,411	36,72,763

There was an increase in provincial revenues, municipal grant and fees but a fall in other sources. The increase in provincial revenues was due to the restoration of 10 per cent. cut being allowed in maintenance, teaching staff and "fixed" grants on the basis of the distribution of 1936-37. The decrease in "other sources" was due to the fact that large subscriptions and donations were raised last year for several important building schemes considered to be urgently necessary after the prolonged period of building inactivity occasioned by the world depression.

5. **Scholarships.**—An expenditure of Rs. 26,704 as compared with Rs. 26,455 in the previous year was incurred during the year 1937-38 for the award of scholarships to pupils of European Schools. This figure excludes the amount of scholarships which were awarded by other

provinces but paid in Bengal. Altogether 199 scholarships were awarded from provincial revenues against 185 of last year. In April 1937, His Excellency the Governor's Emergency Fund was closed after paying out whatever balance was left in that fund. Steps were, however, taken for the provision of an extra amount for stipends to make good the loss caused by the abolition of His Excellency's Emergency Fund. Government in their order No. 29Edn., dated the 6th January 1938, sanctioned for a period of five years an extra provision of Rs. 5,616 for stipends.

6. **Teachers.**—There were 856 teachers employed in European Schools in Bengal on 31st March 1938 as compared with 837 in the previous year. Of these teachers 174 were graduates, 513 (including 107 graduates) were trained and 343 (including 67 graduates) were untrained.

A register of teachers is now being maintained by the Inspector of European Schools, Bengal. The register is revised every year and new names are included on application in the prescribed form.

Training of teachers.—No European or Anglo-Indian male teacher was deputed to the Chelmsford Training College, Ghoragali, Punjab, for training during 1937-38. There is provision for training of male teachers at St. Xavier's College and at David Hare Training College, Calcutta. Arrangement was made in the previous year with the Bengal Engineering College, Sibpur, for a special course in wood-work for teachers to be held during the long vacation of the Bengal Engineering College. Three teachers from non-Government European Schools took advantage of this course last year and one member of the Victoria School. School staff has taken a 3 months' course during the year under review.

The Dow Hill Training College, Kurseong, which affords training facilities to European and Anglo-Indian female teachers enrolled 16 students on 31st March 1938 as compared with 18 in the previous year. In the annual examination of the second year students in November 1938, 9 senior students presented themselves and all of them were successful.

7. **Examination.**—The following table shows the results of the various examinations held in 1936-37 and 1937-38:—

	1936-37.				1937-38.

8. **Education of subnormal children.**—The Children's House, Kurseong, which adopts special methods for training mentally and physically defective European children registered 28 pupils on 31st March 1938 as compared with 26 pupils on 31st March 1937. Stipends amounting to Rs. 2,220 were awarded by the department during the year under review towards the maintenance and education of the children living in the Home. The institution is being regularly inspected by a Board of Visitors appointed by Government for the purpose.

9. **Reformatory school.**—The Fendall Home, Calcutta, is a rescue home for destitute European and Anglo-Indian girls who are maintained and are given such training as will befit them for a career in life. On 31st March 1938 there were 40 girls in residence as compared with 35 on the corresponding date of the previous year. The total expenditure incurred by the institution amounted to Rs. 19,441 during the year under report towards which provincial revenues contributed Rs. 900.

10. **Trust funds**—(*i*) *Sussex Trust.*—The income of the fund was Rs. 28,700-14-6 during the year 1937-38 and the expenditure for the same period was Rs. 21,792-5; five overseas scholars and 25 local scholars profited by the scholarships awarded.

(*ii*) *Doveton Trust.*—The total receipts (including the opening balance on 1st April 1937 and the interest on Government securities accrued during the year) derived from the Doveton Trust Fund was Rs. 10,333-8-11 and the total expenditure during the same period was Rs. 6,822-15 leaving a closing balance of Rs. 3,510-9-11. Altogether 49 scholarships were awarded during the year out of the income derived from the fund. The Inspector of European Schools, Bengal, was the administrator of the fund as previously.

11. **Controlling agency.**—During the year under review Dr. H. Thomas continued to work as Inspector of European Schools, Bengal.

12. **European School Code.**—A reprint and revision of the 1929 Code of Regulations for European Schools was taken up during the year under report.

13. **Provincial Board of Anglo-Indian and European Education.**—The Provincial Board of Anglo-Indian and European Education held four meetings during the year under review. Among other things the following important matters were discussed:—

(*a*) the replacement or revision of the Higher Grade School Final Examination,

(*b*) the maintenance of register of "recognised" unemployed teachers in Bengal,

(*c*) the facilities for the training of teachers for European Schools,

(*d*) the relaxation of the rule regarding the knowledge of a provincial vernacular in the Bengal Civil Service (Executive) and the Bengal Junior Service.

The Provincial and Inter-Provincial Boards are doing good work for the benefit of the education of the Anglo-Indian and European communities in Bengal.

CHAPTER IX.

Education of Muhammadans and other Special Classes.

1. **Education of Muhammadans: Statistics.**—During the year under review the total number of Moslem students reading in all grades of educational institutions for Indians rose from 1,656,011 to 1,777,880. Of the total number 1,355,293 were boys and 422,587 were girls as compared with 1,244,679 boys and 308,159 girls of the Hindu community returned on 31st March 1938. The proportion of Muhammadan pupils to the total number of pupils under instruction at the end of the year was 52·7 per cent. as compared to 51·9 per cent. in the previous year. The statistics of the last two years which are furnished in the following table show that the number of Moslem students increased in all grades of institutions and the proportion of Moslem students to the total enrolment also increased in all stages except in professional colleges. In arts and professional colleges Moslems pupils constituted 16·2 and 10·4 per cent. of the total enrolment against 15·4 and 11·1 per cent. respectively, in the previous year; in the high, middle and primary stages their proportion to the total number of students under instruction were 23·0, 25·6 and 55·7 per cent., against 22·8, 24·3 and 54·9 per cent., respectively in the year before; in special schools the proportion was 72·8 per cent. against 71·5 per cent. in the year preceding.

2. **Special institutions for Muhammadans.**—(*a*) Besides the ordinary schools and colleges which are open to students of all communities there are a number of institutions of all grades which offer special facilities to Moslem students. Those of the University standing are Islamia College—a first grade college in Calcutta—the Arabic Department of the Calcutta Madrasah and three Islamic Intermediate Colleges at Dacca, Chittagong and Serajganj. The work and examinations of these Intermediate Colleges are controlled by the Dacca Board of Intermediate and Secondary Education. The number of students in the three Intermediate Colleges rose from 228 to 288 in the year under review. Of the 120 students who appeared in the Islamic Intermediate Examination of 1938, 104 were successful. One of the three residential Halls of the Dacca University the Salimullah Muslim Hall, is also set apart for Muslim students.

(*b*) The junior and senior madrasahs of the reformed type which were established in accordance with the policy of Government some 25 years ago provide a compromise between modern studies and the old fashioned curriculum of orthodox madrasahs. The following statement gives figures relating to both type of madrasahs:—

	Number of madrasahs.	Number of pupils.	Cost of maintenance.	Cost from public funds.
			Rs.	Rs.
(*a*) Reformed Senior ..	41	7,847	3,37,618	1,75,792
(*b*) Reformed Junior ..	567	58,457	9,50,734	2,83,989
(*c*) Old type Senior ..	62	8,087	2,47,701	1,00,427
(*d*) Old type Junior	94	5,723	53,100	5,980
Total ..	764	80,114	15,89,153	5,66,188

The curriculum and examinations of high madrasahs are regulated by the Dacca Board and of junior madrasahs by the Department of Public Instruction.

The examinations of the old type madrasahs are controlled by the Board of Central Madrasah Examinations in Calcutta. The most important of this type of madrasahs is the Arabic Department of the Calcutta Madrasah.

A notable feature of the year under review is the transfer of the Hooghly Madrasah from the building which it occupied as an equal partner of the Hooghly Mohsin College for more than one hundred years.

A sum of Rs. 1,69,938 for general madrasahs and an additional grant of Rs. 17,000 for certain madrasahs have been administratively approved by Government during the year under report.

(*c*) During the year under review the number of maktabs or Muslim primary schools fell from 25,971 to 24,388; of these 15,386 were for boys and 9,002 for girls. The decrease was mainly due to elimination and amalgamation of weak and inefficient schools. The number of pupils however increased from 986,632 to 993,300 and of these 674,762 were boys and 318,538 girls. The total direct expenditure incurred for the upkeep of the maktabs fell from Rs. 21,89,306 to Rs. 21,47,204, of which Rs. 11,46,445 was met from public funds.

(*d*) Quoran schools are unsecularised maktabs which teach the recitation of the Holy Quoran and a book or two of the rituals of Islam through the medium of Urdu. On the 31st March 1938 there were 143 Quoran schools in the Presidency. These schools are gradually being replaced by maktabs.

(*e*) There are 6 muallim-training schools in the Province—institutions parallel to guru-training school, but training teachers for maktabs alone.

3. **Education of Muhammadan girls.**—During the year under review the number of Muhammadan girls reading in all classes of recognised institutions for Indians rose from 398,984 to 417,055. Of

these 55 were in arts and professional colleges, 414 were in the high stage, 631 were in the middle stage, 412,178 were in the primary stage and 3,777 read in special schools. The corresponding figures in the previous year were 47,341,614, 395,478 and 2,504, respectively. The Sakhawat Memorial Girls' High School, Calcutta, was provincialised in 1936 and the scheme for establishment of a college for Muslim girls in Calcutta is now under the consideration of the department.

4. **Special facilities for Muhammadans.**—During the year under review Moslem students were offered the same facilities in education as were enjoyed by them in previous years, viz., reservation of places in Government and aided schools, the grant of special scholarships and stipends and free-studentships to the extent of 15 per cent. of their own enrolment.

5. **Chiefs and nobles.**—In Bengal there is no special institution for the education of the sons and wards of chiefs and nobles, but in the Nawab Bahadur's Institution at Murshidabad there are special arrangements for teaching the boys of the Nizamat family. These boys reside in a separate hostel under the supervision of the Headmaster who is assisted by an Ataliq. The number of Nizamat boys in residence was 27 in the year under report. The upkeep of the hostel costs Government Rs. 4,728.

6. **Education of the children of backward classes.**—The number of boys and girls belonging to educationally backward classes under instruction from various types of schools and colleges in Bengal (as indicated below) will give some idea of what progress has been achieved by them in education during the period under report:—

Class of institutions.	Boys.	Girls.	Total.
Arts colleges	853	4	857
Professional colleges	170	8	178
Secondary and primary schools ..	354,285	73,773	428,058
Special schools	7,162	361	7,523
Unrecognised schools	4,799	620	5,419
Total ..	367,269	74,766	442,035

(The educationally backward classes now comprise scheduled castes and some smaller castes, such as Bagals, Bunnas, Chacks, Chains, Dhangar, Dhasa, Dulay, Gains, Gonds, Kahars, Kaira, Karanis, Khandait, Kharga, Koiri, Korangas, Mahatos, Mahli, Matial, Metia, Mugs and Rahangia) except Sunri.

The corresponding figures on the same date of 1937 were 359,001, 77,795 and 436,796 respectively. The following paragraphs indicate the progress that was made among the children of these classes in each division of the Presidency:—

(*i*) *Calcutta.*—During the year under review there were 10 primary schools for the education of backward classes under the management of different Christian missions with 445 pupils. The Harijan Relief Society managed 1 industrial and 24 primary schools. For the maintenance of all these schools a sum of Rs. 7,250 was met from public funds. Besides these there were one technical school and six night schools under the workingman's institute.

(*ii*) *Presidency Division* (*outside Calcutta*).—The Namasudras and the Paundras of Khulna, Jessore and 24-Parganas made considerable progress in education and started a number of secondary and primary schools for the education of their children at their own initiative. The District Boards of 24-Parganas and Khulna subsidised many primary schools in the Sunderban area populated chiefly by the scheduled caste people. The Tararat Upper Primary, the Digha Lower Primary and the Dhaniram Chawk Girls' Lower Primary Schools for backward classes are maintained, as before, by the Sussex Trust Fund. The Sonthal Primary School at Manigram in the district of Murshidabad is doing good work in the spread of education amongst the aboriginal tribes. The number of schools chiefly intended for the education of the educationally backward classes during the year under review was 5 high English, 43 middle English and 733 primary schools. The Society for the Improvement of the Backward Classes and the Ramkrishna and the Christian Mission Societies have also been doing useful work amongst these communities.

(*iii*) *Burdwan Division*.—The education of the Sonthals in the districts of Midnapore, Bankura and Birbhum was mainly in the hands of mission bodies. The funds allotted for their education were administered by the Boards of Sonthal Education in Bankura and Midnapore and by the District School Board in Birbhum. The Sonthal High School at Bhimpore under the management of the American Baptist Mission enrolled 148 pupils on 31st March 1938. The mission had also a middle vernacular school for girls with 133 pupils. The industrial school for girls at Bhimpore ceased to exist during the year under report. It had to be closed down for want of a sufficient number of students. The Methodist Mission at Bankura had under their management 1 middle vernacular school, 1 guru-training school, 1 industrial school and 79 primary schools. There were altogether 234 Sonthal primary schools in the division on 31st March 1938 with 7,708 pupils. There were 2 peripatetic weaving schools in the district of Birbhum. The total expenditure on Sonthal education amounted to Rs. 51,560 towards which provincial revenues contributed Rs. 33,575. The Suri Municipality in the district of Birbhum maintained one free primary school under Biss' Scheme, specially meant for the sweepers' children.

(*iv*) *Dacca Division*.—The number of pupils belonging to educationally backward classes rose from 109,430 to 116,660. There were at the close of the year under review 9 primary schools for Muchis, 4 for Harijans, 2 for Methors, 16 for fishermen and 2 middle English and 61 primary schools for the aboriginal tribes. There were 8 high and 32 middle schools for Namasudra pupils. A large number of primary schools chiefly meant for this class of people was also in existence. The number of primary schools meant for the Magh settlers in the colonisation area of the Bakarganj district remained unchanged at 12, but the number of Magh pupils attending these schools fell from 41 to 38.

(*v*) *Chittagong Division*.—The total number of pupils of backward communities studying in the various types of institutions on 31st March 1938 was 28,385 against 26,043 in 1936-37. The whole of the Chittagong Hill Tracts constitutes a backward area inhabited by 15 hill tribes. For the education of aboriginal tribes there were 1 high, 4 middle, 1 training and 150 primary schools. There were also 38 unaided Keyan Schools in which Buddhist monks give religious instruction and teach elementary Burmese and Pali languages. The five Government

Burmese primary schools in Cox's Bazar subdivision were deprovincialised during the year under review and placed under the management of the District School Board, Chittagong. These schools had 245 Magh pupils. Besides these, there were 1 middle English and 2 primary schools intended chiefly for the education of the Magh pupils in the Cox's Bazar Municipality. In addition to these there were 42 Keyan schools which impart free education of a religious character of Burmese pupils.

(*vi*) *Rajshahi Division.*—Sonthals, Rajbansis, Namasudras, Malos, Bhutias, Lepchas and other minor castes are included among the backward classes of people in the division. The number of pupils of backward classes rose from 83,853 to 87,724. The Board of Sonthal Education in the district of Malda still continues, while the two other Boards at Dinajpur and Rangpur were abolished with the establishment of District School Boards in those districts and the grants which had hitherto been placed at the disposal of Sonthal Boards of Education, were placed at the disposal of District School Boards to be utilized, as usual, in making special grants to the schools intended for the Sonthals. Schools chiefly intended for the education of the children of aboriginal classes other than Sonthals in the districts of Jalpaiguri and Darjeeling numbered 36 during the period, viz., 3 middle English and 33 primary schools. They were subsidised from District Funds and some of them received grants from provincial revenues as well.

7. **Education of criminals.**—The industrial school maintained by the Salvation Army at Nilphamari for the education of the children of the Karwalnuts had 36 boys and 32 girls on 31st March 1938 against 42 and 31 respectively in the previous year. Instruction is given in farming, weaving and knitting—besides the ordinary subjects of the primary school curriculum. It is a residential school having separate hostels for boys and girls. The total expenditure for the upkeep of the school amounted to Rs. 12,108 of which Rs. 12,081 was met from provincial revenues. As in the year before there was one school for criminal classes at Kaktengair in Kishoreganj subdivision of the Mymensingh district with an enrolment of 15 pupils. There were 3 Board managed free primary schools in the district of Chittagong for criminal tribes.

The Borstal Institution at Bankura, which is under Government management, had 236 on the rolls against 288 in the preceding year. A sum of Rs. 25,012 was spent for the maintenance of the school which was met entirely from provincial revenues. The District Inspector of Schools, Bankura, is a member of the Board of Visitors to this institution.

The Reformatory and Industrial Schools, Alipore, had 280 inmates on 31st March 1938 against 282 in the previous year. The upkeep of the institution cost Rs. 56,857 which was met entirely from provincial revenues. The curriculum is up to the upper primary standard. The advanced boys received instruction in English. Vocational training is given to every boy in any of the trades—weaving, blacksmithy, tinsmithy, carpentry and tailoring. The examination in blacksmithy, carpentry and tinsmithy was conducted by Mr. Landeman of the Bengal Engineering College, Sibpur.

Boys released from the Hazaribagh Reformatory School were watched over and provided with suitable appointments by the inspecting

staff of the department who also distributed to released pupils allowances received from the Superintendent, Hazaribagh Reformatory School.

8. **Education of defectives.**—The Deaf and Dumb School, Calcutta, which teaches up to the final primary course standard besides printing, clay-modelling, tailoring, painting, woodwork, metal-plating, embroidery and needle-work (for girls) had 237 pupils including 66 girls against 239 pupils in the previous year. One candidate secured the primary final and another the preliminary primary scholarship.

The Blind School at Behala (24-Parganas) enrolled 36 scholars including 20 girls. The total cost of maintenance of the school was Rs. 36,428, of which Rs. 7,620 came from provincial revenues. The Children's Home, Kurseong, which adopts special methods for training mentally and physically defective European children registered 28 pupils. Stipends amounting to Rs. 2,220 were awarded by the department during the year under review.

As in the year before there were 3 aided deaf and dumb schools, one in each of the district headquarters of Dacca, Mymensingh and Bakarganj with 73 pupils including 11 girls against 72 including 16 girls during 1936-37. The maintenance cost of these schools amounted to Rs. 13,589, of which Rs. 3,431 came from provincial revenues. The Deaf and Dumb School at Rajshahi had 10 pupils against 14 in the previous year; the upkeep of the school cost Rs. 1,059, of which Rs. 960 came from provincial revenues. The Chittagong Deaf and Dumb School had 21 pupils including 8 girls on 31st March 1938. The cost of maintenance was Rs. 1,701 to which provincial revenues contributed Rs. 648. There were 2 deaf and dumb schools in the Presidency Division, one at Khulna and other at Murshidabad. The total enrolment in these institutions was 32.

9. **Education of factory and colliery children.**—In the coal mine areas of the Burdwan district there were 12 primary schools with 356 pupils. These schools are chiefly meant for the education of the miners' children. The mill authorities, in some cases, in the districts of Hooghly and Howrah, maintained or subsidised primary schools meant for the education of the children of mill-hands. In Hooghly, the number of such schools was 11 with 626 pupils. In the mill and factory areas of Budge-Budge, Titagarh, Ichapur, Kankinara, there are primary schools for the children of the mill and factory workers. In the Titagarh Factory Primary School there are classes for the Telegu, Hindi and Urdu-speaking boys. The Ichapur Rifle Factory maintains a school for their workers.

10. **Tea-garden schools.**—These schools are intended for the education of the children of the labourers working in the tea estates of Jalpaiguri and Darjeeling; they teach the primary course. There were altogether 164 tea-garden schools with 3,853 pupils against 161 with 3,711 pupils in 1936-37. The total cost of maintenance of these schools was Rs. 26,877 towards which public funds contributed Rs. 12,483.

11. **Education of Jains.**—There were altogether 720 Jain students reading in different grades of educational institutions in the Presidency on 31st March 1938. Of the total number of pupils 689 belonged to primary and secondary schools and 31 to colleges.

12. **Cantonment schools.**—There were three primary schools—one in Jalapahar and the other two in Lebong Cantonment area of the Darjeeling district with 155 pupils. The total cost of maintenance amounted to Rs. 2,956, of which Rs. 804 came from Government and Rs. 1,557 from Cantonment funds. In the Cantonment areas of Barrackpore, district 24-Parganas, there were 8 primary and secondary schools. For the maintenance of these schools a sum of Rs. 24,296 was spent during the year under review.

CHAPTER X.

Unrecognised Institutions.

There are certain educational institutions which do not follow the courses of studies prescribed by the University of Calcutta, the Board of Intermediate and Secondary Education, Dacca, or the Department. These are known as unrecognised institutions. Many of them are newly-started primary schools, indigenous religious schools, tols or Quoran schools or Kyangs or Buddhist monastic schools and undeveloped secondary schools. The general condition of these schools is usually not satisfactory. The building, staff, equipment, teaching and discipline are generally poor. But a few of them deliberately held aloof from the educational system of the province in search of what is best in education. The most notable among them are the group of institutions founded by Dr. Rabindra Nath Tagore at Bolpur and Surul in the district of Birbhum, the College of Engineering and Technology, Jadavpur, 24-Parganas, the Kabindra College, Goila, Bakarganj. The former institutions have arrangements for cultural and physical education as well as for the teaching of agriculture, weaving, carpet-making and other vocational subjects and have secured the co-operation of distinguished foreign scholars. Pupils of Bolpur school may, further if they so desire, sit for the examinations of the Calcutta University. The Jadavpur College is doing very good work and turning out well-trained students. The Kabindra College, Goila, is a seat of Sanskrit studies—Ayurveda and Hindu Philosophy. The Mahakali Pathsala at Mymensingh is a girls' school in which special stress is laid on the teaching of religious subjects on orthodox Hindu lines. On the 31st March 1938 the Presidency had 1,260 unrecognised schools with 65,029 pupils as compared with 1,307 schools attended by 61,784 scholars on the corresponding date of the previous year.

CHAPTER XI.

Residence of students and their Physical and Moral Training.

1. **Hostels.**—During the year 1937-38 the number of boarders residing in the hostels and boarding houses attached to educational institutions rose from 33,568 to 35,139. Of the total number of boarders returned on 31st March 1938, 28,899 resided in hostels for Indians and 5,240 lived in boarding houses meant for Europeans and Anglo-Indians. Of the boarders resident in Indian hostels, 26,102 were males and 3,797 were females. Of the European and Anglo-Indian boarders, 3,023 were boys and 2,217 were girls.

Supervision of hostels was generally entrusted to members of the teaching staff. In hostels attached to Government institutions the cost of Superintendents' allowance was met from provincial revenues and in hostels attached to aided schools the cost was shared between Government and the School Committee.

2. **Messes,** —Messes are often preferred by students to hostels, as residence in a mess is not subjected to such strict discipline as in a recognised hostel. The number of messes (including non-collegiate hostels) administered by the Students' Residence Committee of Calcutta University during the year under report was 35 which accommodated 1,754 boarders. The number of messes managed by the Board of Intermediate and Secondary Education, Dacca, through the Assistant Inspector of Students' Residences during the same period was 25 and they provided accommodation to 667 students. Both in Calcutta and Dacca the major portion of the cost of residences occupied by students of backward communities was borne by Government.

3. **Physical education.**—The year under report has witnessed steady progress in physical education in the province. The subject received greater attention from Government as well as from school and college authorities and the public and the facilities for training of instructors, as well as the advantages to be gained by appointing them in institutions are now widely known. Further the growth of clubs for young men and women, in which opportunities are given for physical and recreational activities has been much accelerated. The Young Women's Christian Association was paid as before a Government grant of Rs. 200 a month for the maintenance of the service of a Physical Directress, who has given valuable help to girls' institutions in the matter of organising games and sports.

Twenty-eight graduate students were trained at the Physical Training Centre under Mr. J. Buchanan, the Physical Director, Bengal, and all were successful in obtaining diplomas. In preparation for further expansion during 1938-39, the centre at Ballygunge was removed in December 1937 to a commodious house with large grounds and swimming tank at 30, Kankurgachi Third Lane, Narikeldanga. The appointment of five trained and experienced men as Divisional Sub-Inspectors for Physical Education enabled training courses in games to be held for 88 teachers from high schools and madrasahs, 214 from middle schools and junior madrasahs and 705 from primary schools.

During the year under review a sum of Rs. 14,320 was sanctioned by Government for the objects noted below for the improvement of physical education:—

	Rs.
(*i*) Training of teachers for middle English schools and junior madrasahs ...	2,000
(*ii*) Grants to girls' schools	1,400
(*iii*) Grants to play centres and clubs ...	6,000
(*iv*) Grants to schools sports associations ...	3,000
(*v*) Grants to aided colleges for stipends and employment of trained physical instructors ...	1,920
Total ...	14,320

Football has become a favourite game for boys, both in urban and rural areas. Games like *kapati*, *hadudu* were preferred in rural areas. Some schools were found to accommodate swimming as a part of physical education.

Inter-school activities were found to attract the natural interest of school boys and impress the public. The Bratachari movement which was introduced by Mr. G. S. Dutt, I.C.S., has gained ground and is becoming popular. During the year Government sanctioned a sum of Rs. 6,000 for the Bratachari movement.

During the year the most important development was the formation by Government of the Youth Welfare Committee, whose interim report, containing proposals for a comprehensive scheme for the physical welfare of youths of all classes, was under discussion at the close of the year.

4. **Boy scouts.**—During the Scout year 1937 there were in the Presidency altogether 11,265 scouts, 5,948 cubs, 709 Rovers, 296 pack officers, 542 troop officers and 157 local association officers. The annual Government grant of Rs. 6,000 was paid to the Boy Scout Association, Bengal, for the encouragement of this movement in the Presidency. A further sum of Rs. 4,000 was distributed to Government and non-Government institutions for the development of scout movement in these schools.

5. **Girl guides.**—Girl guide companies are in existence in most of the important high and middle English schools in the Presidency,

6. **Medical supervision.**—No funds were available in the year under review to give effect to the scheme of medical examination and supervision of pupils of Government high English schools and senior madrasahs outside Calcutta. As regards the scheme of medical inspection of the pupils of Government and aided secondary schools in the city of Calcutta, the work was carried on by 3 part-time medical officers. During the year 1937 the Medical Board attached to the Students' Welfare Committee of Calcutta University examined 2,645 students. The number of defect cards issued by the Committee was 1,664. Three hundred and ninety-two students were re-examined, and of these 134 were kept under observation. Health officers of municipalities, sanitary inspectors and doctors attached to district boards and private medical practitioners took up the health examination of pupils in a limited number of schools.

7. **Hygiene.**—The subject was taught in classes III to VIII of high schools. The instruction is mostly of a theoretical nature. The Bratachari Red Cross and Scout organisations, however, were helpful in giving the subject a practical shape. The schools were profited by demonstration and cinema shows of the Government Publicity Department and lectures by officers of the Public Health Department and also by propaganda by health officers of district boards.

8. **Discipline.**—During the year under review there was a disturbance in the Rajshahi College hostel. The details of that unfortunate incident need no recapitulation in this report. The college fortunately tided over the crisis. There were no serious cases of indiscipline in schools during the year. The introduction of organised physical activities and in particular the house system proved to be very effective to improve the tone of discipline in schools. Bratachari and scouting were also helpful in the matter.

9. **Religious and moral instruction.**—Religious instruction is chiefly imparted in denominational schools, such as maktabs, madrasahs, tols and mission schools. In some schools there was arrangement for prayer just before the commencement of the school session every day. In teaching moral qualities like truthfulness, loyalty, etc., the personality of the teacher has to be chiefly relied upon.

10. **National schools.**—During the year there were 3 national schools in Bengal. The influence of these schools is steadily diminishing and they are now an almost negligible factor in education.

CHAPTER XII.

Conferences and Committees.

The report of the Moslem Education Committee which was constituted in 1931 to advise Government on the policy to be adopted for advancing the cause of Moslem education was submitted in 1935. Some of the recommendations of the Committee have been given effect to during the year under report, while others are still under the consideration of the department.

Conferences of superior inspecting officers were held at the headquarters of the Presidency and Dacca Divisions. Among other subjects the Government resolution on the reorganisation of education in Bengal was discussed. Informal conferences of inspecting officers were generally held at district headquarters under the Chairmenship of the District Inspectors of Schools of the districts concerned at least once a year. Amongst other items the following were generally discussed at such conferences:—

(1) Distribution of stipends to primary school teachers.

(2) Reorganisation of primary and night continuation schools.

(3) Distribution of Imperial grants to trained and untrained teachers employed in primary schools.

(4) Regularity of payment of stipends to primary school and maktab teachers.

(5) Ways and means to improve the conditions of the managed schools.

At Calcutta and Dacca, the Assistant Inspectresses of Schools and Head Mistresses of Government high and training schools held their conferences. The discussions at the conferences were very helpful and led to satisfactory results. It is worth noting that Sub-Inspectors of Schools all over the province held informal meetings with very good results with the teachers of primary schools and parents and guardians of the pupils in connexion with the improvement and expansion of primary education.

The year under review witnessed the organisation of a very successful educational exhibition under the auspices of the Suri Agricultural and Industrial Exhibition which was kindly opened by His Excellency the Governor of Bengal on the 18th February 1938. At Rajbari in the

district of Faridpur there was an Education Week along with the Rajbari Industrial, Health and Agricultural Exhibition, largely attended by the people of the Subdivision.

The Bengal Women's Education League held its twelfth annual session in Calcutta from 16th to 18th February 1938. The resolutions passed at the meeting dealt on important subjects like teaching of literature, diet in schools, teaching of domestic science and vocation for women.

During the year under review the North Bengal Education League held its annual session at Rajshahi under the Presidency of Khan Bahadur Mr. T. Ahmed, Special Officer, Primary Education, Bengal, and attended by a large number of delegates from all over the division and many distinguished educationists. Many important resolutions aiming at the improvement of secondary education in the country were passed at the conference.

The All-Bengal Teachers' Association held its 17th session at Khulna during the last Easter Holidays and many important subjects concerning the improvement of secondary schools and junior madrasahs were discussed.

The All-Bengal College and University Teachers' Conference held in Calcutta on the 15th to 17th April 1938 under the presidency of Principal K. C. Nag, dealt among other things with the undesirability of affiliation of specialised institutions in general subjects and the desirability of improving the status of teachers and the state of secondary education in general.

CHAPTER XIII.

Text-book Committee.

Pending the appointment of a whole-time Reader and the Secretary, the Provincial Text-book Committee was reconstituted for one year with effect from the 1st September 1937.

In accordance with the programme sanctioned by Government text-books on certain subjects for secondary schools were called for, for consideration by the Text-book Committee. One thousand one hundred and fifteen text-books were received for consideration during the year under review. Out of these 1,097 books were circulated to regular and co-opted members for review and the rest were rejected being found *prima facie* unsuitable on preliminary examination. Seven hundred and sixty-one books were finally approved by this department during the year under report. Sixty-seven books were also received for approval as prize and library books. A sum of Rs. 14,229 was realised as fees from authors and publishers. The remuneration paid to the reviewers of books amounted to Rs. 9,787.

In view of a large number of books received for consideration of the Committee, the services of 31 co-opted members were utilised to complete the work of examination within the prescribed time.

During the year only two essays were received for Babu Brojomohan Dutt prize for Indian ladies and they were examined by a Committee of three members of the Provincial Text-book Committee. This Committee recommended the award of prizes to both the applicants.

Accordingly one was awarded the prize for 1935-36 and the other for 1934-35. As the essay submitted for 1934-35 was not satisfactory it was decided that the prize meant for that year might be awarded in the subsequent year.

CHAPTER XIV.

Education in the Legislative Assembly and the Council.

During the year under report numerous questions on educational topics were asked in both the chambers of the Legislature, covering a wide range of grounds. During the budget debates in August and March sessions of the Assembly a few motions were brought forward proposing small cuts in some items of the budget provision which afforded members opportunity to discuss among other things questions relating to the need for provision for the Moslem girls' college education in Calcutta and the inadequacy of accommodation for girl students in the city, special facilities to the students of the scheduled castes, grants-in-aid to old scheme madrasahs, inadequate representation of Moslems in the Senate and Syndicate of the Calcutta University, introduction of free and compulsory primary education in the province, and the difficulties of Anglo-Indian and European Schools. These motions were subsequently withdrawn. The majority of questions were of local interest and related to particular institutions and offices, but some of them were of general importance such as the introduction of the Bengal Secondary Education Bill, aid to rural educational centres, introduction of a public examination in place of the existing School Final Examination, scales of pay of European and Indian teachers in European Schools in Calcutta, the establishment of District School Boards, and a scheme for school hygiene work in Bengal. The nature of the criticisms revealed that the members are keenly interested in the working of the Education Department and readily avail themselves of their membership of the Assembly and the Council not only to elicit information on educational matters but also to bring about improvements in educational institutions.

W. A. JENKINS,

Director of Public Instruction, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 30th August 1939.

Summary.—During the week the rainfall was generally light to moderate. Transplantation of winter paddy is in brisk progress. Rain is badly needed in some places in Rangpur where transplantation of winter paddy seedlings is being retarded for want of sufficient water. Prospects of standing crops are generally fair. 18. Except at the meeting on Friday of each week, Government business, unless the Governor otherwise directs, shall have precedence at every meeting of the Assembly, provided that, with the permission of the Speaker, Government business may have precedence on any Friday. On days allotted for any particular class of business, business of that class shall have precedence.

Business left over from session.

19. (*1*) On the termination of a session all pending notices shall lapse, and fresh notice must be given for the next session except in the case of a question which has not been answered or Bills which for want of time could not be introduced.

(*2*) On the termination of a session Bills which have been introduced shall be carried over to the pending list of business of the next session :

Provided that, if the member in charge of a Bill makes no motion in regard to the same during two complete sessions, the Bill shall lapse, unless the Assembly on a motion by that member make a special order for the continuance of the Bill.

(*3*) The Speaker may, in respect of any Bill, suspend the operation of this rule.

Arrangement of business.

20. (*1*) At times when Government business has precedence, the Governor may arrange that business in such order as he thinks fit.

Speaker may direct. The order of priority as determined by the ballot shall, subject to the provisions of rule 93, be final.

(b) Bills originating in the Assembly which have been returned by the Council after amendment ;

(c) Bills originating in the Council which have been sent to the Assembly ;

Notice of questions.

24. A member who wishes to ask a question shall give twelve days' notice of his intention and shall, together with the notice, submit a copy of the question he wishes to ask :

Provided that the Speaker may, with the consent of the Minister in charge of the Department to which the question relates, allow a question to be put at shorter notice than twelve days :

Provided also that no member shall, unless he has obtained the special permission of the Speaker, be permitted

to send in notice of more than twelve questions during one session of the Assembly, exclusive of any question that may have been carried over for reply from a previous session, but if a session extends over sixty days, the above limit of twelve questions shall be increased to fifteen.

Disallowance of questions by the Speaker.

25. The Speaker may disallow any question or any part thereof on the ground that it relates to a matter which is not primarily the concern of the Provincial Government and if he does so, the question, or part of the question, shall not be placed on the list of business.

Form and contents of questions.

26. In order that a question may be admissible, it must satisfy the following conditions, namely :—

(*i*) it must be asked with the object of eliciting information ;

(*ii*) it must not bring in any name or statement not strictly necessary to make the question intelligible ;

(*iii*) if it contains a statement, the member asking it must make himself responsible for the accuracy of the statement ;

(*iv*) it must not contain any argument, inference, imputation, epithet or ironical expression ;

Speaker to decide admissibility of question.

28. The Speaker shall decide on the admissibility of a question with reference to the provisions of these rules and shall disallow any question when, in his opinion, it is an abuse of the right of questioning, or is in contravention of those provisions.

List of questions.

29. As soon as answers to questions which have not been disallowed are received by the Secretary, they shall be entered in a list of questions to be prepared as early as

possible and in such manner as the Speaker may determine and the questions shall be put, if the time available for questions permits, in the order in which they stand in the list before any other business is entered upon at the meeting. Any questions left over owing to time not being available shall be postponed to the next day of meeting, when they shall take precedence over other questions.

Matters to which they must relate.

30. (*1*) A question addressed to a Minister must relate to the public affairs with which he is officially connected, or to a matter of administration for which he is responsible.

(*2*) A question addressed to a member other than a Minister must relate to some Bill, motion or other matter connected with the business of the Assembly for which such member is responsible.

Questions how put.

31. Questions shall be put and answers given in such manner as the Speaker may determine.

Answers to withdrawn questions.

32. The Speaker, at the request of a Minister, may direct that any answer to a question may be given on the ground of public interest, even though the question is not put or the member in whose name it stands is absent.

Supplementary questions.

33. Any member may put a supplementary question for the purpose of further elucidating any matter of fact regarding which an answer has been given :

Provided that the Speaker shall disallow any supplementary question if, in his opinion, it infringes the rules as to the subject-matter of questions.

Supplementary question of which notice is asked.

34. If a Minister asks for notice of a supplementary question, the member asking such question shall draw attention thereto in writing, but such question shall not be taken into account for the purposes of the second proviso to rule 24.

Prohibition of discussion.

35. No discussion shall be permitted in respect of any question or of any answer given to a question.

PART IV.

(*2*) A member who wishes to move a motion (other than a motion for which a specified period is otherwise

prescribed) shall give notice of his intention to the Secretary ten days before the meeting at which he intends to move the motion :

Provided that the Speaker may, in his discretion, admit at any time any motion at shorter notice than that prescribed by any rule or may admit a motion without notice.

39. A motion must not raise a question substantially identical with one on which the Assembly has given a decision in the same session.

Identical motions.

40. Where substantially identical motions stand in the names of two or more members, the Speaker shall decide whose motions shall be moved, and the other motions shall thereupon be deemed to be withdrawn.

Order of speeches, right of reply, time-limit of speeches.

41. (*1*) When any member has moved a motion, other members may speak to it in such order as the Speaker may direct.

(*2*) Except in the exercise of a right of reply or as otherwise provided, no member shall speak more than once to any motion.

(*3*) A member who has moved a substantive motion may speak again by way of reply, and if the motion is moved by a private member, the Minister to whose Department the matter relates shall have the right of speaking after the mover, whether he has previously spoken in the debate or not.

(*4*) Except with the permission of the Speaker no speech upon any motion shall exceed fifteen minutes in duration :

Provided that the mover of a motion, when moving the same, and the Minister in charge of the Department to which the motion relates when speaking for the first time, may speak for thirty minutes.

Rules as to amendments.

42. (*1*) An amendment must be relevant to, and within the scope of, the question to which it is proposed.

(*2*) An amendment may not be moved which has merely the effect of a negative vote.

(*2*) No discussion shall be permitted on a request for leave to withdraw, except with the permission of the Speaker.

(*3*) If the leave of the Assembly has been given to withdraw a motion to which an amendment has been proposed, the mover of the amendment may forthwith move the motion in its amended form.

Closure.

46. When any motion is under discussion, any member may move "that the question be now put," and unless it appears to the Speaker that the request is an abuse of these rules or an infringement of the rights of reasonable debate or of the rights of the opposition, the question "that the question be now put" shall be put forthwith without debate thereon. If such motion be carried, the question shall be put accordingly, provided that the Speaker may, unless the time, if any, allotted to the original motion is thereby exceeded, permit the mover of such motion to exercise such right of reply as provided in these rules.

PART V.

LEGISLATION.

(*a*) *Introduction.*

Publication of Bills before introduction.

47. The Governor may order the publication of any Bill (together with the Statement of Objects and Reasons accompanying it) in the Gazette, although no motion has been made for leave to introduce the Bill. In that case

it shall not be necessary to move for leave to introduce the Bill, and, if the Bill is afterwards introduced, it shall not be necessary to publish it again.

Notice of motion for leave to introduce Bills.

48. (*1*) Any member other than a Minister, desiring to move for leave to introduce a Bill, shall give notice of his intention, and shall, together with the notice, submit six copies of the Bill and of the Statement of Objects and Reasons.

Motion for leave to introduce a Bill.

49. (*1*) If a motion for leave to introduce a Bill is opposed, the Speaker after permitting, if he thinks fit, a brief explanatory statement from the member who moves and from the member who opposes the motion, may, without further debate, put the question thereon.

(*2*) If such motion be carried, the Secretary shall read the title of the Bill, and the Bill shall thereupon be deemed to be introduced in the Assembly.

(*b*) that it be referred to a select committee, or

(*c*) that it be circulated for the purpose of eliciting opinion thereon :

Provided that no such motion shall be made until after copies of the Bill have been made available for the use of members, and that any member may object to any such motion being made, unless copies of the Bill have been so available for fifteen days before a motion under clause (*a*) or for seven days before a motion under clause (*b*) or clause (*c*) is made, and such objection shall prevail, unless the Speaker in exercise of his power to suspend this sub-rule allows the motion to be made.

(*2*) Save as provided in rules 58 and 74, the period of notice of a motion to take a Bill into consideration shall

52. (*1*) On the day on which any such motion is made, or on any subsequent day to which the discussion is postponed, the principles of the Bill and its general provisions may be discussed, but the details of the Bill must not be discussed further than is necessary to explain its principles.

(*2*) At this stage no amendments to the Bill may be moved but—

(*a*) if the member in charge of the Bill moves that the Bill be taken into consideration, any member may move as an amendment that the Bill be referred to a select committee or be circulated for the purpose of eliciting opinion thereon before a date to be mentioned in the motion, or

(*b*) if the member in charge of the Bill moves that the Bill be referred to a select committee, any member may move as an amendment that the Bill be circulated for the purpose of eliciting opinion.

(*3*) The period of notice of an amendment moved under sub-rule (*2*) shall be ten days, unless the Speaker in exercise of his power to suspend this sub-rule, allows the amendment to be moved at shorter notice.

(*4*) Where a motion that the Bill be circulated for the purpose of eliciting opinion is carried in the Assembly and the Bill is circulated in accordance with that direction, and opinions have been received thereon before the date mentioned in the motion, the member in charge of the Bill, if he wishes to proceed with the Bill thereafter, must move that the Bill be referred to a select committee, unless the Speaker in the exercise of his power to suspend this order allows a motion to be made that the Bill be taken into consideration.

Persons by whom motions in respect of Bills may be made.

53. No motion that a Bill be taken into consideration or be passed shall be made by any member other than the member in charge of the Bill and no motion that a Bill be referred to a select committee or be circulated or recirculated for the purpose of eliciting opinion thereon shall be made by any member other than the member in charge of the Bill, except by way of amendment to a motion made by the member in charge of the Bill.

(6) A select committee may hear expert evidence and representatives of special interests affected by the measure before them.

Proceedings of select committee to be treated as confidential.

55. All proceedings of a select committee shall be treated as confidential, and its recommendations shall not be disclosed until the report has been made available for the use of each member or has been published in the Gazette.

(d) Reports by select committees.

Report by select committee.

56. (1) When a Bill has been referred to a select committee, the committee shall make a report thereon, provided that in the case of a committee of the whole Assembly, it shall not be necessary for a member, other than the Chairman, to sign the report.

(2) Reports may be either preliminary or final.

(3) The select committee shall, in their report, state whether or not, in their opinion the Bill has been so altered as to require re-publication, whether the publication directed by these rules or by the Assembly has taken place and the date on which the publication has taken place or, where publication in more than one language is ordered, the date on which the publication in each such language has taken place.

(4) If any member of a select committee, other than a committee of the whole Assembly, desires to record a minute of dissent on any point, he must sign the majority report, stating that he does so subject to his dissent, and must at the same time hand in his minute.

(5) Every such minute of dissent must be confined to a discussion of matter contained in the report, and must be free from personal remarks.

Printing and publication of reports.

57. (*1*) The Secretary shall cause every report of a select committee to be printed, and a copy of the report shall be made available for the use of each member. The report, with the amended Bill, shall be published in the Gazette.

Presentation of report and procedure after presentation.

58. (*1*) Every report by a select committee on a Bill, shall be presented to the Assembly by the Chairman of the committee.

(*2*) In presenting a report the Chairman shall, if he makes any remarks, confine himself to a brief statement of fact.

(*3*) After the presentation of the final report, the member in charge of the Bill may move—

(*i*) that the Bill as reported by the select committee be taken into consideration, but any member may object to its being so taken into consideration if a copy of the report has not been available for the use of members for seven days, and such objection shall prevail, unless the Speaker in exercise of his power to suspend this rule allows the report to be taken into consideration ; or

(*ii*) that the Bill be re-committed either—

(*a*) without limitation, or

(*b*) with respect to particular clauses or amendments only, or

(*c*) with instructions to the select committee to make some particular or additional provision in the Bill.

(*4*) If the member in charge of the Bill moves that the Bill be taken into consideration, any member may move as an amendment that the Bill be re-committed.

Order of amendments.

62. Amendments shall ordinarily be considered in the order of the clauses of the Bill to which they respectively relate.

Submission of Bill clause by clause.

63. Notwithstanding anything in the foregoing rules, it shall be in the discretion of the Speaker, when a motion that a Bill be taken into consideration has been carried, to submit the Bill, or any part of the Bill, to the Assembly clause by clause. When this procedure is adopted, the Speaker shall call each clause separately, and, when the amendments relating to it have been dealt with, shall put the question "that this clause, or (as the case may be) this clause as amended, stand part of the Bill."

Passing of Bills.

64. (*1*) If no amendment be made when a motion that a Bill be taken into consideration has been agreed to by the Assembly, the Bill may at once be passed.

(*2*) If any amendment be made, any member may object to the passing of the Bill at the same meeting; and such objection shall prevail, unless the Speaker in exercise of his powers to suspend this rule allows the motion that the Bill be passed to be made.

(*3*) Where the objection prevails, the Bill shall be brought forward again at a future meeting, and may then be passed with or without further amendment.

65. When a Bill is passed by the Assembly, the Secretary shall, if necessary, renumber the clauses, revise and complete the marginal notes thereof and make such purely formal consequential amendments therein as may be required, and two copies of the Bill shall be submitted to the Speaker and shall be signed by him. **Formal revision of Bill and submission of it to Speaker for authentication**

(*2*) No such motion can be moved unless the amended Bill has been made available for the use of members for not less than seven days before the motion is moved, except where the Speaker, in his discretion, suspends the provision of this sub-rule and gives his consent for the moving of any such motion at shorter notice.

71. (*1*) If a motion that the amendments be taken into consideration is carried, the Speaker shall put the amendments to the Assembly in such manner as he thinks most convenient for their consideration. **Procedure on consideration of amendments.**

(*2*) Further amendments relevant to the subject-matter of the amendments made by the Council may be moved by

Procedure consequent on consideration of amendments.

72. (*1*) If the Assembly agrees to the amendments made by the Council, a message intimating its agreement shall be sent to the Council.

(*2*) If the Assembly disagrees with the amendments made by the Council or any of them, the Bill with a message intimating its disagreement shall be sent to the Council.

(*3*) If the Assembly agrees to the amendments or any of them with further amendments or proposes further amendments in place of amendments made by the Council, the Bill as further amended, with a message to that effect, shall be sent to the Council.

(*4*) If the Bill is thereafter returned with a message intimating that the Council insists on amendments to which the Assembly is unable to agree, the fact of the disagreement shall be reported to the Governor.

(*g*) *Procedure regarding Bills originating in the Council and sent to the Assembly.*

Bills originating in and passed by the Council and sent to the Assembly.

73. When a Bill originating in the Council has been passed by the Council and is sent to the Assembly, copies of the Bill shall be laid on the table and made available for the use of members at the next following meeting of the Assembly or as soon as possible thereafter.

(*2*) No such motion can be moved unless the Bill has been available for the use of members for not less than ten days before such motion is moved, except where the Speaker, in his discretion, suspends the provision of this sub-rule and gives his consent for the moving of any such motion at shorter notice.

(*3*) The member moving the motion under sub-rule (*1*) shall for the purposes of these rules be deemed to be the member in charge of the Bill in the Assembly.

76. Any member may, after giving seven days' notice (if the Bill has not already been referred to a select committee of the Council or to a joint committee of both Chambers, but not otherwise) move as an amendment that the Bill be referred to a select committee and, if such motion is carried, the Bill shall be referred to a select committee and the provisions of these rules regarding select committees on, and the subsequent procedure in regard to the consideration and passing of, Bills originating in the Assembly shall then apply.

Consideration and passing.

77. If the motion made under rule 74 that the Bill be taken into consideration is carried, the Bill shall be taken into consideration and the provisions of these rules regarding consideration of amendments to Bills (save that the period of notice of amendments shall be seven days) and the subsequent procedure in regard to the passing of Bills originating in the Assembly shall apply.

In the latter case the Assembly shall be informed of the receipt of the petition in such manner as the Speaker may determine. In neither case shall there be any debate upon a petition at this stage.

83. Every petition shall, after presentation, be referred to the committee on petitions, who shall examine it and report to the Assembly the subject thereof, the number of petitioners and whether it conforms with these rules. 86. (*1*) The Minister-in-charge of the Department to which a resolution relates may, immediately before the resolution is moved, object to the resolution or any part thereof on the ground that it cannot be discussed without detriment to the public interest. If the Minister does so object, the member in whose name the resolution appears on the list of business shall either withdraw the resolution or such part thereof or move the same by a formal motion in the terms appearing in the said list, but without any speech.

(*2*) Immediately after a resolution is so moved, the Minister-in-charge of the Department to which the resolution relates may move that the question may at once be put without discussion, and the Speaker, after permitting the Minister and the mover of the motion to make brief explanatory statements may with or without consulting the House as he may think necessary, put the question thereon without debate.

Provided that not more than one resolution shall be given such precedence in any one session of the Assembly.

(2) If more than one such requisition is received in respect of any one day, and the consent required by sub-rule (1) is obtained thereto, a special ballot shall be held in such manner as the Speaker may direct to determine which of the resolutions specified in such requisitions shall be given precedence on that day.

(*3*) A resolution shall not have precedence under this standing order on any day unless the Minister concerned has received at least six days' notice, and the members at least twenty-four hours' notice, from the Secretary that the resolution will be given precedence on that day :

Provided that, with the consent of the Speaker, six days' notice shall not be necessary if the Minister agrees to accept shorter notice.

Petition for leave to make a call.

(Title.)

The humble petition of , Official Liquidator of the abovenamed company, sheweth as follows:—

1. The abovenamed company was by an order of this Court, dated the day of 19 , ordered to be wound up by this Court (or under the supervision of this Court).

2. By an order of this Court, dated the day of 19 , I was appointed Official Liquidator.

3. On the day of 19 , the list of contributories of the said company was settled by the Honourable Mr. Justice (or Esq., District Judge of).

4. The amount of the debts proved and admitted against the said company and the estimated amount of the costs charged and expenses of the winding up aggregate the sum of Rs. or thereabouts.

5. Of the assets set forth in the statement of assets I have realised the sum of Rs. of which I still have in hand the sum of Rs. I estimate that the assets still remaining to be collected will realise approximately Rs. . There are no other assets belonging to the said company except the amounts due from contributories.

6. In the settled list of contributories of the said company appear the names of persons in respect of shares.

7. For the purpose of satisfying the debts and liabilities of the company and of paying the costs, charges and expenses of the winding up I believe the sum of Rs. will be required in addition to the amount I now have in hand and the amount still to be collected by realisation of the outstanding assets.

8. In order to provide the said sum of Rs. it is necessary to make a call upon the several persons who have been settled on the list of contributories and to provide for the contingency of some of such contributories partly or wholly failing to pay the amount of such call I believe that for the purpose of realising the said amount required it is necessary that a call of Rs. per share be made.

Your petitioner therefore humbly prays as follows:—

(1) That leave be given to your petitioner to make a call of Rs. per share on all the contributories of the said company (*a*) and to fix the date for the payment of such call.

(2) That the costs of and incidental to this petition and the order to be made thereunder and the costs of and incidental to making and enforcing such call be paid out of the call money to be collected (or out of the assets coming to the hands of your petitioner).

(3) Or that such other order may be made in the premises as may be fit and proper.

(*a*) Or as the case may be.

Verification.

I, , the Official Liquidator of the abovenamed company, make oath (or solemnly affirm) that the statements contained in the foregoing petition are true to the best of my knowledge, information and belief.

NOTICE.

A competitive examination for direct appointment to the Bengal Civil Service (Executive), and the Bengal Junior Civil Service will be held in Calcutta in February 1940 in accordance with Rule IX of the Bengal Provincial Services Recruitment Rules, published in notification No. 7183A., dated the 22nd May 1930.

2. **Vacancies.**—Vacancies in the following services will be filled on the results of this examination :—

Bengal Civil Service (Executive).
Bengal Junior Civil Service.
Bengal Police Service.
Bengal Excise Service.
Bengal Junior Excise Service.
Upper Division Secretariat Clerical Service.

The number of vacancies in each service will be announced later.

Each candidate will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Candidates will not be allowed to alter their choice of services ; only in exceptional cases such applications may be considered provided they reach the Secretary, Public Service Commission, Bengal, before the examination begins. Appointments will be assigned to successful competitors with due consideration to their choice and the number of vacancies in the services.

3 **Qualifications.**—The indispensable qualifications of a candidate are—

(*i*) that he is a native of Bengal or has a permanent domicile within the Presidency of Bengal ;
(*ii*) that he is a natural born subject of His Majesty, or of an Indian State in respect of whom the Governor-General in Council has made a declaration under section 262 of the Government of India Act, 1935 ;
(*iii*) that he shall have attained the age of 22 and shall not have attained the age of 25 on the 1st October 1939
(*iv*) that he is a graduate of a recognised University ;
(*v*) that he is of good character ; and
(*vi*) that he is of sound health, good physique, active habits and free from organic defects or bodily infirmity.

Along with his application every candidate shall submit proof of his age as explained in the form of application and certificates, written not more than one year prior to the date of his application, from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character and stating that he is a native of or has a permanent domicile within the Province of Bengal. These certificates will not be returned. The age limits can in no case be relaxed.

Copies of the certificates attested by the nominating authorities or by responsible persons may be submitted

4 **Applications—Method of submission of fee, etc.**—(*i*) A person desiring to be admitted to the examination shall apply before the 30th September 1939 to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his College if he was connected with one, and by the Magistrate of the district in which he is resident in other cases ; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta :

Provided that in no case shall a candidate apply to more than one of these authorities, and that such applications shall always be made through their Durbars by persons resident in a State in India.

(*ii*) Applications shall be made, in the form shown in Schedule I, copies of which may be obtained from the heads of Colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal.

(*iii*) No application will be taken into consideration by the nominating authority unless it is accompanied by a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not and no claim for a refund of this fee will be entertained. *Applications stamped with postage or other stamps will not be accepted.*

(*iv*) No allegation that an application form or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

5. **Nomination.**—The heads of Colleges, the Registrars of the Calcutta and Dacca Universities and the Director of Public Instruction, Bengal, shall forward to the Secretary, Public Service Commission, Bengal, before the 7th October 1939, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character,

of each candidate so nominated. The applications of non-collegiate students nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in paragraph 3 above. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service and four lists should be made separately for the four different categories of (1) Muslims, (2) Scheduled Castes, (3) Minority Communities and (4) Hindus. Care should be taken to nominate only such candidates as are likely to pass the medical examination since experience shows that a considerable number of candidates successful in the literary examination fail to pass the medical test

6. **Selection certificates.**—The Public Service Commission will issue certificates of selection to such of the nominated candidates, not exceeding 350 in all, as they consider, qualified to appear at the examination. The selection or rejection of a candidate by the Commission shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

In making their choice the Public Service Commission will give all possible consideration to the cases of candidates of the minority communities and the backward classes and shall call for further nominations from the heads of Colleges or Commissioners of Divisions if the number of selected Muslim candidates does not reach 50 per cent. of the total number selected.

7. **Particulars of candidates.**—The Public Service Commission may require such further proof or particulars from the candidates as they may consider necessary, and may make enquiries regarding their character and domicile.

8. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit into a Government treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary, Public Service Commission, Bengal Under no circumstances will the fee paid be refunded. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time-table for the examination. The examination will commence on the 22nd February 1940, and will be held at the Town Hall and the Presidency College, Calcutta.

9. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

10. **Disclosure of identity.**—Candidates should not write their names or roll numbers anywhere except in the space provided for the purpose on the answer books. Any paper containing a mark or a hint revealing the identity of a candidate will be rejected without further scrutiny.

11. **Ineligibility of Government servants.**—No person holding a substantive appointment in Government service or an appointment on probation against a substantive vacancy under Government will ordinarily be eligible to appear at the competitive examination. Persons holding purely temporary posts under Government should submit their applications in the manner prescribed in paragraph 4 above.

12. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment, candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below :-

(*i*) Bengali, (*iii*) Urdu,
(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Until further notice European and Anglo-Indian candidates may however also take up Latin, French or German instead of a Vernacular from those mentioned above. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

13. The standard of the examination shall be such as the Public Service Commission shall prescribe, and the Commission will, if they think it desirable, determine what shall be the qualifying marks to qualify a candidate for appointment.

14. **Medical Examination.**—As soon as the result of the examinations are ready, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. The regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

75. Where a creditor's petition has been directed to be served upon a debtor, such service shall be effected by an officer of the Court, or by the creditor or his attorney, or by some person in their employ, by delivering to the debtor a copy of the filed petition: provided that if personal service cannot be effected, the Court may extend the time for hearing the petition, and if the Court is satisfied by affidavit or other evidence that the debtor is keeping out of the way to avoid such service, or that for any other cause prompt personal service cannot be effected, it may order substituted service to be made by delivery

of the petition to some adult inmate at his usual or last known residence or place of business, or by registered letter, or in such other manner as the Court may direct. Such petition shall then be deemed to have been duly served on the debtor.

76. Where the Court orders service of the petition on the debtor such service shall be proved by affidavit, with a copy of the petition attached, which shall be filed in Court forthwith after the service.

77. Where the Court orders service of a petition on a debtor, petitioned against who is not within the limits of the Original Civil Jurisdiction of the Court, the Court may order service to be made within such time and in such manner and form as it shall think fit.

80. If the debtor does not appear at the adjourned hearing, the Court may make an adjudication order on such proof of the statements in the petition as the Court shall think sufficient.

81. On the appearance of the debtor to show cause against the petition, the petitioning creditor's debt, and the act of insolvency or such of those matters as the debtor shall have given notice that he intends to dispute, shall be proved, and if any new evidence of those matters, or any of them, shall be given, or any witness or witnesses to such matter shall not be present for cross-examination, and further time shall be desired to show cause, the Court shall, if the application appears to the Court to be reasonable, grant such further time as the Court may think fit.

81A. The Court shall in the absence of an affidavit or oral evidence to the contrary presume the debt, mentioned in the creditor's petition duly verified by affidavit as aforesaid, to be subsisting at the date fixed for the hearing of such petition or at such other date or dates to which the hearing of such petition may be adjourned.

82. If any creditor neglects to appear on the hearing or adjourned hearing of his petition, no subsequent petition against the same debtor or debtors, or any of them either alone or jointly with any other person, shall be presented by the same creditor in respect of the same act of insolvency without the leave of the Court.

83. The personal attendance of the petitioning creditor and of the witnesses to prove the debt, and act of insolvency or other material statements, upon the adjourned hearing of the petition, may, if the Court shall think fit, be dispensed with.

84. Where proceedings on a petition have been stayed for the trial of the question of the validity of the petitioning creditor's debt, and such question has been decided in favour of

the validity of the debt, the petitioning creditor may apply to the Registrar to fix a day on which further proceedings on the petition may be had, and the Registrar on production of the judgment of the Court in which the question was tried, or an office copy thereof, shall give notice to the petitioner by post of the time and place fixed for the hearing of the petition, and a like notice to the debtor at the address given in his notice to dispute and also to their respective attorneys if known.

85. Where proceedings on a petition have been stayed for the trial of the question of the validity of the petitioning creditor's debt, and such question has been decided against the validity of the debt, the debtor may apply to the Registrar to fix a day on which he may apply to the Court for the dismissal of the petition with costs, and the Registrar, on the production of the judgment of the Court in which the question was tried, or an office copy thereof, shall give notice to both the petitioner and debtor (and to their respective attorneys, if known) by post of the time and place fixed for the hearing of the application.

86. An application for extension of time for the adjourned hearing of a petition shall be in writing, but need not be supported by affidavit, unless in any case the Court shall otherwise require.

87. On an application for extension of time for the adjourned hearing of a petition, no order shall be made for an extension beyond fourteen days from the day fixed for the adjourned hearing of the petition, unless the Court is satisfied that such extension of time will not be prejudicial to the general body of creditors. Any costs occasioned by such application shall not be allowed out of the estate unless so ordered by the Court.

INTERIM RECEIVER.

88. After the presentation of a petition, upon the application of a creditor, or of the debtor himself, and upon proof by affidavit of sufficient ground for the appointment of the Official Assignee as interim Receiver of the property of the debtor, or any part thereof, the Court may, if it thinks fit, and upon such terms as may be just, make such appointment.

Where an order is made appointing the Official Assignee to be interim Receiver of the property of the debtor, such order shall bear the number of the petition in respect of which it is made, and shall state the locality of the property of which the Official Assignee is ordered to take possession.

91. If the sum of Rs. 100 and such further sum so to be deposited for the expenses which may be incurred by the Official Assignee, shall prove to be insufficient, the person, on whose application the order has been made, shall from time to time deposit with the Official Assignee such additional sum as the Court may, on the application of the Official Assignee, from time to time direct; and such sum shall be deposited within twenty-four hours after the making of the order therefor. If such additional sum shall not be so deposited, the order appointing the interim Receiver may be discharged by the Court.

92. If an order appointing an interim Receiver is followed by an adjudication order, the deposits made by the creditor on whose application such interim Receiver was appointed, shall be repaid to him (except and so far as such deposits may be required by reason of insufficiency of assets for the payment of the fees chargeable and the expenses incurred by the interim Receiver) out of the proceeds of the estate in the order of priority prescribed by these Rules.

93. Where, after an order has been made appointing an interim Receiver, the petition is dismissed, the Court shall, upon application to be made within twenty-one days from the date of the dismissal thereof, adjudicate, with respect to any damages or claim thereto arising out of the appointment, and shall make such order as the Court thinks fit; and such decision or order shall be final and conclusive between the parties, unless the order be appealed from.

The notice shall be in Form No. 11 in the Appendix, with such variations as circumstances may require.

100. All proceedings under the Act down to and including the making of an adjudication order, shall be at the cost of the party prosecuting the same, but when an adjudication order is made, the costs of the petitioning creditor shall be taxed and be payable out of the proceeds of the estate, in the order of priority prescribed by these Rules.

102. Where a debtor against whom an adjudication order has been made is not in British India, the Court may order service on the debtor of the order of adjudication, order to attend the public examination of any adjournment thereof, or of any other order made against, or summons issued for the attendance of, the debtor, to be made within such time and in such manner and form as it shall think fit.

The insolvent shall file with the Registrar the verified schedule together with the duplicate schedule which shall be forwarded by the Registrar to the Official Assignee.

Where the Court is of opinion that a debtor is failing to disclose his affairs, or where the debtor has failed to attend the public examination or any adjournment thereof, or where the debtor has not complied with any order of the Court in relation to his accounts, conduct, dealings, and property, and no good cause is shown by him for such failure, the Court may adjourn the public examination *sine die*, and may make such further or other order as the Court shall think fit.

107. Where an examination has been adjourned *sine die* and the debtor desires to have a day appointed for proceeding with his public examination, the expenses of gazetting, advertising and giving notice to creditors of the day to be appointed for proceeding with such examination shall, unless the Official Assignee consents to the cost being paid out of the estate, be at the cost of the debtor, who shall, before any day is appointed for proceeding with the public examination, deposit with the Official Assignee such sum as the Official Assignee shall think sufficient to defray the expense aforesaid. The balance of the deposit, after defraying the expense aforesaid, shall be returned to the debtor.

108. In any case in which a public examination has been adjourned *sine die*, and the Court afterwards makes an order for proceeding with such public examination, notice to creditors of the time and place appointed for proceeding with such public examination shall be sent by the Official Assignee, and notice shall also be inserted in the newspapers in which the notice of the first holding of the public examination was inserted seven days before the day appointed.

The Official Assignee shall not by making such application be deemed to approve of the composition or scheme.

112. Any person other than the Official Assignee who applies to the Court to approve of a composition or scheme shall, not less than ten days before the day appointed for hearing the application, send notice of the application to the Official Assignee.

113. Whenever an application is made to the Court to approve of a composition or scheme, the Official Assignee shall, not less than three days before the day appointed for hearing the application, send notice of the application to every creditor who has proved his debt.

114. In every case of an application to the Court to approve of a composition or scheme, the report of the Official Assignee shall be filed not less than four days before the time fixed for hearing the application.

115. On the hearing of any application to the Court to approve of a composition or scheme, the Court shall, in addition to considering the report of the Official Assignee, hear the Official Assignee thereon.

117. The Court before approving of a composition or scheme shall, in addition to investigating the other matters as required by the Act, require proof that the provisions of sub-sections (1) and (2) of section 28 of the Act have been complied with. An order approving of a composition or scheme shall be in the Form No. 20 in the Appendix, with such variations as circumstances may require.

118. When a composition or scheme has been duly accepted by the creditors, such composition or scheme shall not be approved by the Court unless the Court is satisfied, on the report of the Official Assignee, that provision is made for payment of all proper costs, charges, and expenses of and incidental to the proceedings, and all proper fees and percentages payable under the scale of fees and percentages in force for the time being.

119. The fee prescribed to be charged for and in respect of an application to the Court to approve of a composition or scheme may be allowed and paid out of the estate of the debtor in any case in which there are sufficient funds in the hands of the Official Assignee available for the purpose.

120. At the time the composition or scheme is approved of, the Court may correct or supply any accidental or formal slip, error, or omission therein, but no alteration in the substance of the composition or scheme shall be made.

121. When a composition or scheme is approved of, the Official Assignee shall, on payment of all proper costs, charges, and expenses of and incidental to the proceedings and all proper fees and percentages payable under the scale of fees and percentages in force for the time being, forthwith put the debtor (or, as the case may be, the trustee under the composition or scheme, or the other person or persons to whom under the composition or scheme the property of the debtor is to be assigned) into possession of the debtor's property. The Court shall also annul the adjudication order.

122. In every case of a composition or scheme in which a trustee is not appointed, or, if appointed, declines to act, or become incapable of acting, or is removed, the Official Assignee shall, unless and until another trustee is appointed by the creditors, be the trustee for the purpose of receiving and distributing the composition, or for the purpose of administering the debtor's property, and carrying out the terms of the composition or scheme, as the case may be.

123. Where under a composition or scheme of arrangement a trustee is appointed, he shall, after the composition or scheme has been approved by the Court, give security to the satisfaction of the Registrar. If the trustee fail to give such security within the time required he may be removed by the Registrar.

124. Where a composition or scheme has been approved and default is made in any payment thereunder either by the debtor or the trustee (if any) no action to enforce such payment shall lie, but the remedy of any person aggrieved shall be by application to the Court.

124A. The trustee under a composition or scheme, including the Official Assignee if he is such a trustee, shall within one month after the expiry of the first year of his appointment file an affidavit before the Registrar giving particulars of what has been done in regard to such composition or scheme and what has not been complied with. Such trustee shall within one month in every year thereafter continue to file such an affidavit.

124B. Where from such affidavit or affidavits it appears to the Registrar that the scheme is not workable or should not be further given effect to, the Registrar may direct the Official Assignee to apply for annulment of such composition or scheme.

125. Where a composition or scheme is annulled, the property of the debtor shall, unless the Court otherwise directs, forthwith vest in the Official Assignee without any special order being made or necessary.

126. Where a composition or scheme is annulled, the trustee under the composition or scheme shall account to the Official Assignee for any money or property of the debtor which has come to his hands and pay or deliver over to the Official Assignee any money or property which has not been duly administered.

126A. Unless otherwise directed by the Court, the account mentioned in the preceding Rule shall be verified by the affidavit (Form No. 21A in the Appendix) of the trustee. Such account shall be in the form of a debtor and creditor account (Form No. 21B in the Appendix) and shall truly set forth all sums received by the trustee. The items on each side of the account shall be numbered consecutively, the items on the credit side showing when, to whom and for what purpose such sums were paid, and the account shall be annexed to the affidavit as an exhibit and the vouchers bearing the corresponding numbers shall be made over to the Official Assignee along with the account. The Official Assignee shall examine the account and in writing certify as to whether he is satisfied regarding the correctness thereof and whether the trustee has properly accounted for all moneys that came to his hands.

126B. Where a composition or scheme has been given effect to the trustee shall, before applying under rule 126C, account to the Official Assignee and satisfy him that the terms of the composition or scheme have been carried out either wholly or except as to creditors who cannot be traced. The account shall be verified by the affidavit of the trustee and supported by vouchers. The trustee shall pay to the Official Assignee such amount as may be sufficient to meet the claim of creditors who have not been paid in terms of the composition or scheme. The Official Assignee shall examine the account and in writing certify whether the terms of the composition or scheme have been carried out either wholly or so far as is possible and whether in the latter case sufficient money has been deposited with him to meet the claims of the creditors who have not been paid in terms of the composition or scheme.

126C. Save by the special order of the Judge, to be obtained upon motion after notice to the Official Assignee, no bond or security deposit executed or made by the trustee under Rule 123 shall be cancelled or returned to him, as the case may be, until he produces a certificate from the Official Assignee under Rule 126A or Rule 126B as the case may be.

127. (2) Where any creditor, after the date mentioned in the notice of intention to declare a dividend as the latest date upon which proofs may be lodged, appeals against the decision of the Official Assignee rejecting a proof, the Official Assignee shall, in such case, make provision for the dividend upon such proof, and the probable costs of such appeal in the event of the proof being admitted. Where no appeal has been commenced within the time specified in the Act, the Official Assignee shall exclude all proofs which have been rejected from participation in the dividend.

The judgment shall be in the Form No. 25 in the Appendix, with such variations as circumstances may require.

(2) If the insolvent does not give the required consent within one month of the making of the conditional order, the Court may on the application of the Official Assignee, or of any creditor who has lodged his proof, revoke the order or make such other order as the Court may think fit.

On the expiry of 2 months from the date of the passing of the order the Registrar shall give seven days' notice to the insolvent if appearing in person (by registered post) or his attorney that the case will be placed on the list on a date to be named in the notice for vacating the order of discharge.

140. Where an insolvent is discharged subject to the condition that judgment shall be entered against him, or subject to any other condition as to his future earnings or after-acquired property, it shall be his duty until such judgment or condition is satisfied, from time to time to give the Official Assignee such information as he may require with respect to his earnings and after-acquired property and income, and not less than once a year to file in the Court a statement showing the particulars of any property or income he may have acquired subsequent to his discharge.

Where an insolvent neglects to file such affidavit or to attend the Court for examination when required so to do, or properly to answer all such questions as the Court may put or allow to be put to him, the Court may, on the application of the Official Assignee, rescind the order of discharge. The affidavit shall be in the Form No. 28 in the Appendix, with such variations as circumstances may require.

142. Where after the expiration of two years from the date of any order made upon an insolvent's application for a discharge, the insolvent applies to the Court to modify the terms of the order on the ground that there is no reasonable probability of his being in a position to comply with the terms of such order, he shall give fourteen days' notice of the day fixed for hearing the application to the Official Assignee and to all his creditors.

142A. Where an insolvent does not apply to the Court for his discharge under section 38 of the Act for a period of eighteen months from the date of the order of adjudication, the Court on the application of the Official Assignee or of a creditor may annul the adjudication or make such order as it may think fit.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 30th August, 1939 :—

L. A. Bill No. 37 of 1939.

A Bill further to amend the Code of Civil Procedure, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing ; V of 1908.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 1939.

Amendment of rule 48 of Order XXI of the First Schedule to Act V of 1908.

2. In sub-rule (1) of rule 48 of Order XXI of the First Schedule to the Code of Civil Procedure 1908, for the words "in this behalf, the officer or other person whose duty it is to disburse such salary or allowances shall withhold and remit to the Court the amount due under the order, or the monthly instalments, as the case may be " the following shall be substituted, namely —

" in this behalf,—

(*a*) where such salary or allowances are to be disbursed within the local limits to which this Code for the time being extends, the officer or other person whose duty it is to disburse the same shall withhold and remit to the Court the amount due under the order, or the monthly instalments, as the case may be ;

(*b*) where such salary or allowances are to be disbursed beyond the said limits, the officer or other person within those limits whose duty it is to instruct the disbursing authority regarding the amount of the salary or allowances to be disbursed shall remit to the Court the amount due under the order, or the monthly instalments, as the case may be and shall direct the disbursing authority to reduce the aggregate of the amounts from time to time to be disbursed by the aggregate of the amounts from time to time remitted to the Court. "

STATEMENT OF OBJECTS AND REASONS.

Sub-rule (1) of rule 48 of Order XXI of the Civil Procedure Code provides that the person whose duty it is to disburse the salary or allowances of a public officer or of a servant of a railway company shall withhold from such salary or allowances amounts attached by order of a Court. In the case of officers on leave in the United Kingdom the disbursing officer is the High Commissioner for India and until recently such attachment orders were forwarded to him for compliance. The High Commissioner has, however, now been advised that, as the law stands at present, no deduction can legally be made under an attachment order issued by a Court in India from the leave salary payable in England to an officer of the Indian Services.

The Bill proposes to amend sub-rule (1) of rule 48 of Order XXI in the First Schedule to the Code so as to make it legal for the High Commissioner for India to comply with such attachment orders.

In the absence of such amendment the Government would themselves be liable to make good the amount under attachment by virtue of the provisions of sub-rule (3) of rule 48.

SIMLA ;
The 22nd August, 1939.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 30th August, 1939:—

L. A. BILL No. 35 OF 1939.

A Bill further to amend the Indian Tea Cess Act, 1903, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Tea Cess Act, 1903, for the purpose hereinafter appearing; IX of 1903.

It is hereby enacted as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Indian Tea Cess (Amendment) Act, 1939.

(*2*) It shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint in this behalf.

Amendment of section 4 of Act IX of 1903.

2. In clause (*d*) of sub-section (*2*) of section 4 of the Indian Tea Cess Act, 1903, for the words "two on the recommendation of the Government of Bengal of which one is to represent the Tea Planters in North Bengal and one," the words "one on the recommendation of the Terai Indian Planters' Association, one on the recommendation of the Government of Bengal" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Under section 4 (2) (*d*) of the Indian Tea Cess Act, 1903, one member on the Indian Tea Market Expansion Board to represent the Indian Tea Planters in North Bengal is appointed on the recommendation of the Government of Bengal. The Terai Indian Planters' Association, Bengal, have asked that their Association may be granted the right of recommending for appointment this member on the Board from North Bengal instead of the recommendation being made by the Government of Bengal.

2. The subject was referred to the Government of Bengal who have recommended that the authority now vested in them on behalf of the unorganized tea estates in North Bengal may be exercised by the Terai Indian Planters' Association which represents the majority of the Indian-owned tea estates in North Bengal not directly represented on the Board. In view of this recommendation it is proposed to amend the Indian Tea Cess Act, 1903, so as to provide for representation of the Terai Indian Planters' Association on the Indian Tea Market Expansion Board. This representation will be within the existing number of members of the Board. The object of this Bill is to give effect to the proposal.

A. AHMAD, for *Director of Agriculture, Bengal.*

Dacca, the 23rd September 1939.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 22nd September 1939.

Preliminary Forecast of the Bhadoi Crops of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under autumn rice in Bengal has represented some 7·7 per cent. of the total area under rice in India.)

Character of the season.—Rainfall in February though scanty was favourable for the preparatory tillage and sowings commenced in the earlier districts. A spell of dry weather set in but sowings were carried on in expectation of rains. In April there was light rainfall but more rain was still needed and sowings were rather delayed in North and West Bengal districts. In May practically all districts had nearly general rainfall and since then conditions improved with alternate rain and sunshine. Towards the end of July protracted cyclonic weather set up causing damage to autumn paddy and shortly in its wake there were floods in West Bengal which caused serious damage to paddy and other *bhadoi* crops. The season has, on the whole, been a fairly satisfactory one excepting in the flood-affected areas in West Bengal.

Acreage.—The total area sown with the different *bhadoi* crops this year is reported to be 6,355,400 acres as against 6,394,300 and 6,424,500 acres, respectively, in the corresponding and final forecasts of the last year.

Of this, the area under autumn rice is estimated at 5,659,600 acres as against 5,708,400 and 5,727,000 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 76 per cent. of the normal this year as against 68 and 62 per cent., respectively, in the corresponding and final forecasts of last year. Autumn rice is estimated to yield a outturn of 75 per cent. of the normal for the province this year as against 60 per cent. both in the corresponding and final forecasts of last year.

Faridpur.	*Bhadoi* paddy (autumn rice).	239,300	328,400	341,000	42	75	End of April to early in May. Late.	The increase in area as compared with the previous year is due to an earnestness to get early crop after the last year's flood as well as to the decrease in area under jute. Early drought followed by rains proved favourable but the continued rains for days together, towards the end of July turned harmful.

Bakarganj.	*Bhadoi* paddy (autumn rice).	310,000	370,000	360,000	70	86	April and May. Normal.	Owing to unfavourable weather condition at sowing time and more area having been under jute the area under *bhadoi* paddy was less than last year. The weather was subsequently favourable but before harvest time high flood and heavy rains have damaged the crop both in the field and on threshing yard and as such the outturn was less than last year. The pulses were affected too by flood and rains.

Chittagong.	*Bhadoi* paddy (autumn rice).	203,400	183,000	110,200	80	65	June and July. Normal.	The decrease is due to drought at the commencement of seedling and untimely heavy rain, flood and saline water during August. Withering effect at sowing time and partial loss of grain by immersion and consequent rotting when the crop was almost ripe for harvesting are responsible for low outturn.

Tippera.	*Bhadoi* paddy (autumn rice).	279,800	250,000	250,100	67	67	April. Normal.	Drought at the time of growth and flood at the time of harvesting, combined with damage to the extent of 4 annas caused by insects and flood, are responsible for the poor outturn.
